CHICKEN DINNER

SURPRISE FEATURE—If you will bring your Certificates of Equity issued for 1939, 1940 and 1941, you will receive one ten dollar (\$10.00) share of stock and the balance shown on these certificates in CASH!

"YOUR JOB" IS ALL-IMPORTANT FOR DEFERMENT

Stressing that the question "What is your job?" is becoming all-important for deferment from military service of otherwise eligible men, the bureau of selective service of the War Manpower Commission today advised its local boards that there are certain activities and occupations which after April 1 would be "non-deferrable" regardless of dependents.

The policy was issued after consultation with an approval by the War Manpower Commission and the management-labor policy committee, both of which approved it unanimously.

The memorandum issued today lists (A) 29 occupations as "non-deferrable" regardless of the activity in which they are found, and (B) all occupations as non-deferrable in 19 manufacturing, 8 wholesale and retail trade, and 9 service activities. It is

emphasized also that both these lists are preliminary and that both will be added to from time to time.

Facilities of the United States Employment Service are being mobilized to enable men with dependents, who are in these occupations and activities, to find war jobs. It was pointed out that if the worker did not shift to a highly essential occupation or activity it would be probable that a future extension of the list might again make him subject to loss of deferrable status. In announcing the new policy the War Manpower Commission stated four principles for the assistance of men whose occupations are affected by the order:

1. Work in the listed activities will not only afford the individual no deferment status but is relatively insecure because more and more essential activities will have to be curtailed as war production requires more raw materials, labor, transportation facilities, electric power, plant facilities, fuel, public services and the like.

2. As in all other cases, the worker

should advise his local selective board of any change of address or status.

3. Every worker affected by the order should consult with his United States Employment Service office for employment in a war job or for information as to training that will fit him for such a job.

4. Workers must not go to overcrowded defense centers unless the United States Employment Service has arranged a definite job.

In filling the needs for the armed services, Paul V. McNutt, chairman of the War Manpower Commission, pointed out that most deferments from military service have been made on the grounds of dependency. "Dependency," he said, is an important factor, but, to justify its acceptance as a ground for deferment, a worker must also be making a contribution on the home front.

Local boards are instructed that, beginning April 1, 1943, they "shall reconsider the status of all registrants who are known to be engaged in activities or occupations designed as non-deferrable by the chairman of the

War Manpower Commission." Local boards and selective service appeal agencies in considering the status of such registrants, it is emphasized, shall be governed by the general provisions of selective service regulations as to procedure, notices, and appeals.

April 1st was made the effective date in order to allow registrants in these non-deferrable activities and occupations time in which to transfer to an occupation or activity not on the non-deferrable list. After April 1st a thirty day period for transfer will be granted to registrants who register with the United States Employment Service for that purpose and present evidence of such uses registration to their local boards.

Recks Edge Wolves For Championship

(From The Bulldog)

League Standings

	W	L	For	Ag.
Ramblin' Recks	4	0	91	22
Wolves	4	1	99	46
Gremlins	2	2	74	37
Hoosiers	0	3	20	123
Hillbillies	0	4	31	87

The first annual (?) intramural season has just about come to a close with a single game left to play. This game is between the Hoosiers and the Hillbillies and can have no effect on the championship which has already been decided.

The championship game was held last Monday night as a preliminary to the Mac-Hi game. The two opposing teams were the Wolves and the Ramblin' Recks. The game was a tight one all the way with the Wolves forging ahead 2-0 on Longhorn's breakaway shot. The Recks pulled into a tie when Jim Allen sank a lay-in shot from the key. The score at halftime was Recks 5, Wolves 3. The second half was a battle of two good defenses and only one basket was scored. This was made by Vance Matott. This gave the Recks the needed margin and they came into the championship to the tune of Recks 7, the Wolves 3.

A few of the records set this year were as follows:

Most points by one team in one contest—45, Recks.

Most points one player in one contest—20, Carl Longhorn.

Least points one team in one contest—3, Wolves.

YOUR PROTECTION is our JOB!

You never really know the value of adequate automobile insurance until "after the accident".

If an accident strikes, your Farmers policy* goes swiftly and surely to work—assumes your financial loss—protects your interests.

Safeguard your auto and your possessions. Don't drive without insurance.

Carl Longhorn Scoring Leader

Unless someone can make about 35 points in one game, the official high point man of the league will be Carl Longhorn of the Wolves who leads the field of scorers with 45 points in five games. Second high man is Ray Shaw of the Gremlins who has scored 26 points in five games. He has no opportunity of taking over the top spot, however, due to the fact that the Gremlins have completed their season.

The records of high scorers follow:
Carl Longhorn, Wolves45
Ray Shaw, Gremlins26
N. Koningrud, Gremlins24
Vance Matott, Recks23
Jim Allen, Recks21

ALL-STAR TEAM IS SELECTED

(From the Bulldog)

Well, folks, in spite of the draft board and fuel rationing, the high school intramural all-star team has finally been chosen. Despite the previous statement to the effect that the all-stars would play the B team, it doesn't look like that will be possible at the present time to have this game.

The team is dominated by the two top teams with three men from the Wolves, five from the Recks, and the rest from the other teams. The team has the top scorers and the best defensive men in the league.

The all-star selection follows:

FIRST TEAM

Carl Longhorn Wolves
Kenny Elwood Wolves
Vance Matott Recks
Ray Shaw Gremlins
Jim Allen Recks

SECOND TEAM

(Seven men due to ties in voting)
Cecil Allen Recks
John McMullen Recks
Sylvan "Moon" Mullins Wolves
Warren McConnell Gremlins
Jack Belt Hillbillies
Jerry Coxen Wolves
Lawrence Smith Hoosiers

About 1,300,000 women are members of AFL unions and 1,500,000 belong to CIO unions. The Railroad Brotherhoods also have women members.

"It Takes Both"

It takes an Ishell and a Hutson... a Sammy Baugh and a Dick Todd to form a forward pass combination. It takes both... War Bonds and Taxes to provide the necessary finances to win this war—a war for freedom and humanity. Are you doing your part?
U. S. Treasury Department

Think Back

To the pages of your history books—This month we are celebrating the birthdays of freedom-loving Abraham Lincoln and of George Washington and his high ideals. They were our past heroes: but their high principles, their sincerity of purpose, their willingness to fight for the right, and their complete devotion to the principles of democracy have proved an inspiration through the years that have come after them. The news columns in our daily papers: the reports we hear by radio: the highly informative books coming from publishers' presses—all these confirm the fact that these are troubled times. But one thing is certain—that whatever the immediate future may bring, the spirit of these heroes of the past will shine to guide the destiny of our nation ever onward, so that the hopes of those who gave a lifetime of earnestness to their country, shall yet again be fulfilled.

● We at home should work and strive to help those who are carrying our banner at the front. May all our efforts be directed towards that end. Uncle Sam needs guns, tanks, planes, ships, and the thousands of other war needs. It's Uncle Sam's fighting men and your fighting dollars in War Bonds that will do the job, so the most we can buy is the least we can do.

This month we are also *Thinking Back*-- Since July 17, 1933, Hale's Confectionery & Sporting Goods has attempted to serve the people of Umatilla county. Our every thought has been to create good will by having "Satisfied Customers." Effective March 1, Sam and Henry Nye, "Father & Son",

will take over these responsibilities from Roy C. Hale. Frank Bilderback, the oldest employee of the store, will remain on the job to help carry on the tradition of Hale's Confectionery & Sporting Goods. May this store remain the headquarters for hundreds of customers and friends. May you continue to say, See you at—
