### MANY ARRESTS MADE BY POLICE

Chief of Police B. J. Nation, assisted by his aide, Al Shultz, and the state police have been a busy group during the past month "rounding up" those who persist in drinking too much of that well known potent beverage. Included in the list are several names who have been recorded in this manner many times previously.

The list, beginning with February 2, follows:

Drunk—Harvey McDowell, Walter H. White, Rogers E. Vanesse, Ed S. Gilliam, Ben. J. Parsons, Ben E. Cummings, Pascual Bueno, Lloyd R. Wise, Halmer B. Fromdahl, Chas. V. Lind, Pascual Bueno, Guadalupe Apodaco.

Investigation—Theodore Newlun, Dwane Edwards. Disorderly conduct—Arnold Barthel Rotvig, Jay N. Vail, Albert Jake Welch—No operator's license, or PUC permit, no draft card, white slavery, bigamy, escaped convict in Georgia, wanted for murder in Georgia.

Jack Doyle, drunk and disorderly. Francis Barney Lynch, drunk and vagrancy. Wayne and Harold Hal-lungworth, petty larceny. William H. Monday, drunk and returned several times. Sam W. Elsom, drunken driv-ing. Martin Luther Horton, drunken driving. Ora Lollo Timmons, drunk and indecent exposure. Martin Hor-ton, drunk in public place and inde-cent exposure. Frank C. Kadlec, drunk and no classification card. Lawrence F. Bennett, drunk and no draft card. Walter Bearrows, grand larceny. Albion S. Cooley, drunk and begging. John M. Julian, drunk on highway. Graves M. Potts and L. V. Pence. AWOL from Navy, state. Henry H. Roullier, vagrant

### SELECTIVE CALL IS EXPLAINED

(Continued from page 1)

war effort but who maintain a bona fide family relationship with a wife only (3-A).

5. Men who are engaged in the war effort and who maintain a bona fide family relationship with a wife only (3-B).

6. Men who are not engaged in the war effort and who maintain a bona fide family relationship with wife and children or children only (3-A).

7. Men who are engaged in the war effort and who maintain a bona fide family relationship with wife and children or children only (3-B).

After April 1 men with dependents who are in non-deferrable occupa-tions will be given 30 days to trans-fer to essential occupations, or to have registered with the United States Employment Service for such transfer, before being placed in class 1-A, under the non-deferrable order as issued February 3.

In reclassifying men with depend-ents into 1-A the boards follow this procedure:

First, the supply of single men without dependents and who are not deferred as "necessary men" in their occupations is exhausted in a local board area. Then the local board re-views, in the order of the above-named categories, the classifications of registrants who were deferred in class 3-A or 3-B to determine which should be reclassified 1-A and which should be further deferred for occu-pational reasons or because induction would cause undue hardship for de-pendents.

However, McNutt pointed out,

FAST, DEPENDABLE SERVICE BETWEEN

Portland — Hermiston — Pendleton

LaGrande and Baker

— BRICK BUILDING WEST OF CREAMERY —

I. W. GEER

Agent

Telephone 2391

Hermiston, Ore.

PORTLAND-PENDLETON MOTOR TRANSPORT CO.

while state selective service directors have been instructed to adjust their calls for the armed forces so as to prevent one local board from calling registrants from one group substantially in advance of the time when other local boards are calling them from the same group, it is not possible to attain complete uniformity. Because of varying conditions in local board areas, as well as in differ-ent states, McNutt said, it has been necessary to call registrants with de-pendents in some states, while single men still were available in others, and in local board areas in some states before all other local boards in the same tsate had exhausted their pools of single men.

"The recent non-deferrable order," he declared, "primarily indicated which men with families will have to be inducted first when men with families are called."

## SAFeway Homemakers' Guide

SAFeway is Headquarters for FRESH COFFEE  
FRESHNESS in Coffee is the Thing  
That Counts Most During Rationing

Subject to market changes, supplies and government regulations.

Edwards lb. bag 24c  
Rich, delicious blend

CRISCO 3 lb. jar 71c

Snowflake

### EDWARDS, NOB HILL, AND AIRWAY COFFEE GIVE YOU WHOLE-BEAN FRESHNESS

Never has correct grind been more important to coffee success. Tell your SAFEWAY grocer what type coffee maker you use, and he will see that you get the preferred grind. If you buy whole-bean coffee ground to order, so much the better. The extra freshness and flavor is vital in times like these. But at Safeway you have your choice: Vacuum-packed coffee, or whole-bean coffee, guaranteed fresh.

### Coffee-Wise

In coffee, it's quality rather than quantity that counts. That's why the coffee-wise are making that one cup of coffee per day offer the very best there is in coffee... flavor, aroma, inspiration and sheer taste joy.

BUYING COFFEE—Be sure to get the right grind for your coffee maker... Regular Grind for percolator or for boiling... Drip Grind for drip and vacuum makers.

MEASURE ACCURATELY both the coffee and water, and use stand-ard measures for uniform results. We recommend 1 1/2 to 2 level table-poons of coffee for each standard measuring cup of water. (A stand-ard measuring cup equals from 1 1/2 to 1 3/4 dinner cups.) For best re-sults, make pot at least two-thirds full. A clean pot pays dividends in flavor.

Percolator Coffee—Use either hot or cold water. Start timing when the "perking" begins and "perk" slowly for 7 to 10 minutes.

Boiled Coffee—Add coffee to cold water in pot or sauce pan. Let it come to a rolling boil, remove from heat and allow a few minutes for the grounds to settle. Strain and serve.

Drip Coffee—Preheat pot. Pour boiling water into top compart-ment, and allow to drip slowly. The dripping time should take from 6 to 8 minutes to obtain the peak of flavor and aroma.

Vacuum Coffee—Have water in lower bowl boiling before fitting upper bowl in place. Begin timing when the water rises and comes in contact with the coffee. Control the heat so that the coffee and water are infused together from 5 to 7 minutes.
