*We Must Buy Bonds Again!*

Beginning April 12, the drive to raise \$3,500,000.00 from the sale of bonds in Umatilla county, or \$100.00 per capita, will drive home to everyone the great necessity for need of funds to win the war. This second war finance loan must be met and our country and our government expects it of us. It is a serious matter and there can be no quibbling or stalling. You should buy voluntarily and save the committees the time and effort of calling on you.

In addition to serving our country in its patriotic effort to end the global carnage, the bonds are a good investment, and every buyer will get his money back with interest. Our boys are fighting bravely and dying at all our fronts, and receiving small pay, much of which is returned to dependents at home.

The American people are receiving large salaries and wages, and no one has been forced to real sacrifices yet. Our losses are not at home, and our sufferings are yet comparatively nil. The losses are boys over seas and in our inability to get supplies and fighting equipment to them. The under-seas menace of the enemy is growing stronger and the armies of Germany and Japan are still far from defeat. China needs much help and help to China is help to us.

Our sometimes overconfidence in winning the war has a tendency to undermine our efforts, and the support of our forces abroad. There is no use in blinking our eyes to the great needs and long fighting ahead. We cannot win in 1943, nor in 1944, nor perhaps in 1945 unless we bend all our energies and contribute our all if necessary. In addition we must also be in position to win the peace, and that, too, is a long way ahead.

The new town of Ordnance is walking right along. This month a group of housing units are expected to be completed which will help considerably in relieving the housing situation. Homes are called for daily, almost hourly, and we hope that by Summer many more people will be comfortably quartered, in order that the defense work may go on more satisfactorily.

## 13 billion dollars must be raised

**T**HE GOVERNMENT of the United States is asking us to lend it 13 billion dollars in the next few weeks. We can do it. And we **must** do it. Every American must realize the truth:

In this, our toughest war, we've made a good start. We've trained a lot of men—made a lot of weapons—built a lot of ships.

But it's only a start. No man or woman among us would contend for a single instant that we're doing enough **now** to win this war!

### WE'VE GOT TO BUILD MORE!

We broke all records building 8 million tons of shipping last year. But grim-faced Army and Navy men will tell you that the 18 MILLION tons we're building this year **still** won't be enough!

### WE'VE GOT TO FIGHT MORE!

From now till this war is won, America must be on the offensive. In ever-increasing numbers, your sons, brothers, husbands must go into actual battle. Our losses have already begun to mount—and they will not grow less.

### AND WE'VE GOT TO BUY MORE WAR BONDS!

Sure we're all buying War Bonds now. But we've got to help pay for our increased fighting and building . . . . We've got to match, as best we can, the sacrifice of those Americans who are toiling and sweating on a dozen battle-fronts—with the bloodiest yet to come. The blunt fact is this: to keep our war machine going, we've got to dig up 13 billion **extra** dollars this month; 13 billion dollars over and above our regular War Bond buying!

In the next few weeks you may be visited by one of the thousands of volunteers who are contributing their time and effort to this Drive. But don't wait for him. Make up your mind now that before this drive is over, you're going to march right down to your nearest bank, Post Office, or place where they sell War Bonds, and do your duty. And don't ever forget this: in doing your duty, you're doing

yourself one of the biggest favors of your life!

For United States War Bonds are the greatest investment in the world—bar none. They're investments tailored to fit your particular situation. And they give you the chance of a lifetime to order and get the kind of world you want to live in after this war. Every cent you put in War Bonds now will help to guarantee plenty of peacetime jobs making peace-living for every one of us.

For your Country's sake—for your **own** sake—invest **all** you can!

### THERE ARE 7 DIFFERENT TYPES OF U. S. GOVERNMENT SECURITIES — CHOOSE THE ONES BEST SUITED FOR YOU:

**United States War Savings Bonds—Series E:** The perfect investment for individual and family savings. Gives you back \$4 for every \$3 when the Bond matures. Designed especially for the smaller investor. Dated 1st day of month in which payment is received. Interest: 2.9% a year if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1000.
