### EVENTS OF THESE FEW DAYS

Too late and too little has come the praise of Dr. W. D. McNary for the work he accomplished in his lifetime. To build the Eastern Oregon state hospital on so large a scale, and so beautifully in all its details should be recorded as a great achievement for his thirty years as head of that institution. Not only did he build well for the care of the unfortunate, but he improved well the asylum farm, and maintained highly bred dairy cattle and hogs, and garden lands for food supplies. Too little credit in the obituary accounts were given him for these high achievements. Likewise to have been president of the Pendleton Roundup a number of years, head of the great epic drama of the west and probably a show unequalled anywhere, is something important in the affairs of a man's life. He should have been given even more credit during his lifetime.

Three fires in succession does not mean now that anyone can relax caution. Fires can start anywhere, any time from most any cause. Warmer days dry out premises. Clearing weeds and grass can easily spread flames. Defective wiring, the careless casting aside of a cigaret or lighted match, and a score of other sources of ignition at this time of the year can start the fourth, or fifth, or more fires. Insurance is good, but to rebuild is practically impossible now because of inability to secure materials. This is the most sobering factor with lack of housing, and if you are burned out, you are just about out under the canopy of heaven.

Hermiston extends a welcome to the Eighteenth Semi-Annual State Council of Carpenters' convention to be held here Friday and Saturday. Never before has the town been permitted to entertain as large and important group of men as carpenters now rank in the war construction work. The local group have made heavy investments in Hermiston, and is cooperating in the growth and new development of the city. We hope that the visitors will like the place, and we hope that our citizens will give them the warm handshake of welcome. We can say to our visitors that we have just begun to grow, and that the hammer and square and saw will be very important to us in the days to come.

#### HERMISTON BAPTIST CHURCH Rev. H. V. McGee, Pastor "Midnight at Midnight!"

The phenomena that accompanied the crucifixion of Jesus Christ will be the subject under discussion Sunday, April 18th.

How does it effect our life today? Is it possible to find a solution to the world's problems? Why are we in such a dark period of the world's history? We will attempt to give a satisfactory answer to these questions in the morning worship period.  
The church with a spiritual mes-

sage and a friendly welcome for all.

#### PILGRIM HOLINESS CHURCH J. W. Stuart, Minister

A man may have noble aims and yet be a very poor shot. The right life is both the test and the fruit of religion. Bible school classes for all. Come and bring some one with you. Time, 9:45 a. m. Morning worship and communion service at 11 a. m. Young people's service at 7 p. m. Evangelistic services at 7:45 p. m. We will be happy to see you at our services.

Last year fire took an estimated toll of \$302,050,000 in property values. Carelessness was responsible for a large part of this loss. Your insurance must be safe, sound and adequate.

## The Second War Loan Drive

Is On  
**IN EARNEST!**

# America... You've Got to Get Tougher

AMERICA—Let's be frank about it . . . so far, many of us back home have been fighting this war from an easy chair.

Many of us have bought War Bonds out of extra cash, out of money we didn't miss too much. We haven't been really tough with ourselves. But this war is a hard, down-to-reality war. And many of our boys are dying in it.

#### We've got to buy MORE

So your government asks you to buy Bonds and more Bonds—to get really tough with yourself. We're asking you to give up the frills and "extras" for the rest of this war.

We know how human it is not to make sacrifices until the crisis drives us to it. In England they felt the same way until the bombs started falling. Now they can't do enough!

Bombs are such persuasive things. But just as persuasive ought to be the spirit of our brothers, sons, husbands—who are ready to give all. Think now . . . what are your dollars, compared to their lives?

#### A lot of money

13 billion dollars is a lot of money. It'll take sweat and tears to raise it. It'll mean going without now. But also—it will mean giving up everything you can't square with your conscience, so that we, us, our children, can have a more decent place to live in when this war is won.

So, if someone calls on you to ask you to buy War Bonds in this 2ND WAR LOAN DRIVE, will you buy to the limit—and then buy more?
