The Signs of the Days

Main street has mainly taken on a new coat of paint. It is cleaner, newer, fresher and prettier than it has been for several years. The many new homes throughout the residence districts with new paint, and here and there a freshening up of older houses, have all added beauty to the town. In addition there has sprung into life a pride in beautifying premises. New lawns have been planted and older lawns renewed, shrubbery planted and trees trimmed and set in vacant places. And, not to be overlooked are the many Victory gardens showing up in rows and well prepared soil. And with all, as if in the nick of time, Spring bounded suddenly forth, with warm sun and frequent showers, to bring out quickly the leaves on the trees and to enliven the lawns and gardens. It is well worth mentioning in this space. Our human efforts blessed with the kindly beneficence of nature encourages our spirits in these days of travail. Our hops are renewed by the display of energy all about us and we will go on to the great achievements set plainly for our nation in the days to come.

Sunday is Easter.

It commemorates the resurrection of the Savior. May the day restore to greater life and force the teachings of the Great Teacher. In the earth encircling battle fronts the principles of the Christ are being defended and fought for, and the lives of men are being consecrated to the simple truths of the Master. In these democracy found its birth; not tyranny and aggression. Temples and shrines have fallen, men are dying, and sacrifices are being made at great cost for the Christian ways of life, but our faith still stands as we bow at the foot of the Cross and wait for the stone to be rolled away.

Wendall Willkie has written a book entitled "One World". It is reported a best seller with 300,000 copies the first five days after publication. It contains his reflections of his trip around the world, filled with political economic philosophy applicable to the varying phases of life around the globe. It is very likely to be worth reading.

U. P. MAP SHOWS ARMY AND NAVY POINTS IN COLOR

With the full approval of the army and navy, the Union Pacific railroad has again issued a geographically correct map of the United States in color on which are shown all of the air fields and air bases, navy bases, army camps, posts and forts.

Published in handy folder form, it unfolds to a 17 by 31-inch map which has been copyrighted by C. J. Collins, general passenger traffic manager of the railroad. The map indicates various army and navy points by distinctive characters, such as miniature planes, anchors, etc.

On the reverse side of the map is

GOOD CARE OF HATCHING EGGS IS PROFITABLE

The percentage of eggs that will hatch strong, vigorous chicks can be

increased 5 to 15 per cent by proper care between the time eggs are laid and when they go into the incubator, says Noel L. Bennion, extension poultry specialist at O. S. C.

Best results are obtained by gathering hatching eggs three or four times a day, particular in warm weather, cooling them immediately, and keeping them at a temperature of from 45 to 60 degrees, with 85 per cent humidity. When temperature gets above 68 degrees, or medium room temperature, cell division will start in a fertile egg, causing some embryos to die before the eggs reach the incubator, says Bennion.

THE 2ND WAR LOAN DRIVE IS ON IN AMERICA!

WINNER TAKE ALL

There is one stark and simple fact about war which you had better get straight...and quickly, too
THERE IS NO SECOND PLACE IN A WAR—IT'S EITHER WIN OR LOSE!

This war is being fought for tremendous stakes...

- ... for your life and your liberty.
- ... for your church and your children.
- ... for your freedom and your future.

And it's **WINNER TAKE ALL**. Don't forget that for a minute.

The winner will dictate whether tomorrow you shall be a free citizen of a free world, or a helpless serf to a "master race."

The winner will dictate whether you shall live and prosper under the Four Freedoms, or toil hopelessly in the darkness of a "New Order."

The winner will dictate... because the winner takes all.

The winner takes all. All you own, all you hold dear.

The winner is being decided right now... today... this very minute... on battlefields all over the world. Will you stand idly by... or throw all your weight on our side?

The weight of mighty tanks and planes. The weight of thousands of guns and millions of shells. The weight of billions of dollars... 13 billions which your country asks you to lend during this Drive.

Your country wants to borrow every idle dollar you have—every dollar except what you need for the barest necessities of life.

You'll have to give up some luxury or comfort which was dear to your heart. You'll have to postpone some pleasure which you had been eagerly anticipating.

But what of it?

Your sons and brothers and husbands are *dying* out there... fighting your fight. Surely it is no sacrifice to lend your dollars while they are giving their lives.

They need your help. They need the weapons your money can buy. If one of the War Loan volunteers calls on you... greet him with open pocket-book. Remember, Uncle Sam's goal is 13 billion dollars in April.

Don't wait to be asked. Go to your nearest bank, investment dealer, broker, Post Office or issuing agency and lay your money on the line. Remember, it's an *investment* you're making — an investment that pays a good return and insures a happier future for you and your loved ones.

So lend up to the limit.

You'll sleep better for it.

Aid to Enemy

"Any American who wilfully neglects to pay his taxes on time or to invest every cent he can in War Bonds is surely giving aid and comfort to the enemy... We have a job to do and we are all called for service to our country. Our dollars are called to service too. Let us all ask ourselves, 'Shall we be more tender with our dollars than with the lives of our sons?' — Secretary Morgenthau.
