Friends here learned last week of the good news of Gloria Charmley McMillian, daughter of Mr. and Mrs. E. A. McMillian, who just recently had a screen test for a child lead in a play. Gloria is nine years of age and has already appeared on several radio programs and on the stage and screen. She is heard every Monday over KHJ at 1:30 p. m. in "Nobody's Children" and recently was heard in the Gene Autrey show in Phoenix. She has appeared with Lionel Barrymore, Mary Boland, Bob Hope, Don Ameche and Edward G. Robinson.

The ordinary machine gun is too cumbersome for our Marines, especially for parachute troops. So the Marines have adopted new models of the Reising sub-machine gun, a .45-caliber weapon.

The new gun used by the paratroops is a compact model with a pistol grip and a steel-frame stock which folds out of the way when not in use. You can help buy these for our boys in the Solomons and elsewhere with your purchase of War Bonds. Join the Payroll Savings Plan and let's "Top that ten percent." U. S. Treasury Department

JUST BETWEEN US CALVES

SECURITY CALF FOOD

It's a low-protein food that your baby calves need the first 6 weeks. No grain, no molasses, no sugar, no salt, no water. It's the only calf food that's a field substitute for whole milk. It's the answer. This high-energy food keeps baby calves off to good starts on the first feeding and cuts just one-third as much as whole milk. You can make more money by selling your whole milk, instead of feeding it. Uncle Sam wants more milk. SAVE 1/2 ON CALF MEAL After 6 weeks when calves need a change in food, mix Security Calf Food into your usual feed. It has 5% of the cost of commercial milk. Calves prefer it to milk feed and thrive better on it. See your nearest dealer for a sample.
