JUST BETWEEN US CALVES

We'll Do More For You on  
**SECURITY CALF FOOD**

It's a low-protein food that your baby calves need the first 6 weeks. No grain ration, meals or pellet feeds to disturb delicate stomachs. New Improved Security Calf Food — a solid substitute for whole milk, in the nurseries. This high-energy food starts baby calves off to good health on the first feeding and keeps just one-third as much as whole milk. You can make more money by selling your milk milk instead of feeding it. Uncle Sam wants more milk.

SAVE 1/2 ON CALF MEAL  
After 6 weeks when calves need a change in food, mix Security Calf Food into your meal and save 50% of the cost of your meal. Calves prefer Security meal and thrive better on it. See your nearest dealer for a full.
