CHRISTIAN SCIENCE SERVICES
Services every Sunday at 11:00 a. m. at the American Legion hall. All are cordially invited to attend.

PILGRIM HOLINESS CHURCH
J. W. Stuart, Minister

Mother of the helping hand, there are few in all the land with so many friends and true: Those who know you, love you too. Poor folks, rich folks, all agree you're a heart of sympathy. Mother of the silver hair, you have borne a weight of care. But you have never lost your zest for the game of life, possessed of that gift of childhood joy which no hardships can destroy. But to sum it up, no other takes the place of you, Our Mother.

Church Bible school classes for all ages, 9:45 a. m.

Morning service, Mother's Day message, 11 a. m.

Young people's service at 7 p. m. Evangelistic service at 7:45 p. m. Prayer meeting Wednesday at 7:45 p. m.

Your mother attended church. Why don't you? Go to church on Sunday like mother used to. You will find a friendly welcome at all our services.

FARMERS URGED TO EXTEND CROPS

War Food Administrator, Chester C. Davis today issued the following statement to the farmers of the United States and to all field employees of the War Food Administration: This is the most important planting season in American farm history. We can still increase the number of acres we plant. In a very few days it will be too late.

The War Food Administration is asking the farmers to plant to the limit for critical war crops, food crops, and feed for livestock.

In the drive that has been made to increase the acreage of beans, potatoes, and oil crops, there was no intention to minimize the importance of other essential crops. Expanded production also of feed grains and hay is vitally necessary if we are to continue our record heavy production of livestock and livestock products.

The War Food Administration is organizing the country's latent labor resources to help with the harvests this year. Acting with manufacturers and with other agencies of government, we will do our best to see that more harvesting machinery is ready by the time it is needed. We will work for continuing price supports at fair levels in order to minimize risks in the market place.

We ask farmers, on their part, in the days that remain of spring planting, to take an extra degree of chance this year for their country—to plant in full the acreage they can expect to handle under the most favorable circumstances.

Ways with Fresh Produce

Fresh vegetables and plenty of them keep the nutritional score of your menu high. Vitamins and minerals are really important to the diet now. And fresh vegetables are rich storehouses of these food essentials.

To conserve and profit by these necessary food elements, serve vegetables uncooked in salads or cook them quickly. Vary them too, for appetite interest. Even the seemingly unglamorous vegetables can be turned into dishes of delight.

... **Beets in Deviled Sauce**—Make a thickened sauce using 2 tbsps. shortening, 2 tbsps. flour, 1/4 cup beet liquid, and salt and pepper to taste. When sauce is slightly thickened, add 1 tbsps. sugar and 1/4 cup vinegar and bring to boil. Pour over hot, sliced beets.

... **Raw Beet Salad**—Combine 2 cups coarsely shredded, raw beets and 1 cup chopped peanuts with a bit of lemon juice and salad dressing.

... **Cabbage Chop Suey**—Toss together 3 cups shredded cabbage, 1 cup sliced celery and leaves, 1 large, sliced onion, 1/4 cup green pepper and salt and pepper to taste. Fry covered in a small amount of shortening 5 to 10 minutes, no longer, stirring occasionally.

... **Spicy Cabbage Stew**—Grind cabbage and mix with vinegar, salt, pepper and sugar. For variety, add equal parts ground carrots and cauliflower, mix with salad dressing, press into terrapin mold, and unmold on cabbage leaves.

... **Scalloped Carrots**—Scalloped carrots alone or with potatoes and onions. Top with cheese if you like.

... **Pioneer-Style Baked Onions**—Bake large onions, whole with outer skins and all just as you would potatoes. Serve by breaking open, and seasoning with salt, pepper, and butter.

... **Parsnip-Apple Casserole**—Arrange alternate layers of cooked, mashed parsnips and sweetened applesauce. Sprinkle each layer with a bit of brown sugar, nutmeg and lemon juice. Top with buttered bread crumbs and bake in moderate oven (350° F.) for 30 minutes. Serve as a vegetable.

... **Breaded Turnip or Rutabaga Patties**—Boil turnips or rutabagas, mash, season and form into patties. Roll in bread crumbs and fry quickly in hot shortening.

... **Cauliflower Fritters**—Dip precooked cauliflowerettes in beaten egg, then flour, then egg again. Fry until golden brown in hot shortening.

WAR BOND QUIZ

Q. Can Stamps of various denominations be placed in one album?

A. More than one denomination in an album greatly increases the work and cost of redemption. Please, therefore, don't mix denominations.

Q. May a minor designate a co-owner or beneficiary?

A. Yes, if the purchase is made by the minor from his own wages or earnings.

Q. Do I lose my investment if my War Savings Bond is lost, stolen, or destroyed?

By Ed Cooklett.

A. Not upon satisfactory proof of loss or destruction, the Treasury Department will issue a duplicate, usually without requiring a bond of indemnity.

Q. May I register the name of a beneficiary on a Bond without his knowledge?

A. Yes. Records of War Savings Bonds are confidential. It is not necessary for the Treasury to contact the beneficiary during the owner's lifetime. Only individuals may be named as beneficiaries. No associations, churches, or clubs may be so named.

Remember—the longer you keep War Bonds, up to 10 years, the more valuable they become.
