Please limit your call to 5 minutes. Others are waiting

EVEN with a war, we'd like to keep on giving you quick service on Long Distance calls. Most of them go through all right but some routes are crowded—like the railroads. When the circuit you want is extra busy, the operator will ask you to limit your Long Distance call to 5 minutes. It won't happen on all circuits, all the time. But when it does happen, we know you'll understand why. It will help to give the other fellow a chance. Tomorrow that other fellow may be you.
