ECHO NEWS ITEMS

By Mrs. W. H. Crary

(Held from last week)

Starting the 1943 harvest later than any year recalled by old timers of this neighborhood the first grain to be brought to Echo warehouses was barley from Mrs. Weltzin's ranch hauled to town July 14 by Carl Weltzin. Homer Coppinger started hauling Monday. Most of the farmers are now in the field with their outfits harvesting barley. It will probably be a few days before the wheat is ripe enough in the low spots to permit combining.

Chas. Reese, manager of the Echo Mill warehouse, reports that he will have storage space for all the local grain this year, practically all of the

carry-over of government grain having been shipped out during the past few months. He says this is the latest harvest here in his recollection. Frequently in former years wheat has been brought to the warehouse in June. All reports agree that the crop this year will be better than average, although slightly under the big yield of 1942.

Welland Dorn was called to Portland Sunday morning by news that his sister, Zena, was very seriously ill. She is at Providence hospital in that city where she recently underwent a major operation.

Kay Wadsworth and his sister, Vida, returned Sunday from a weeks vacation at the Adventist camp at Hayden Lake, Idaho, where 150 young people attended a church school and outing.

Postmaster Steve Spike and Mrs.

Spike went to Portland Sunday for a few days business trip.

Observing his 85th birthday and his 32nd year in Oregon, G. L. Dunning was given a surprise reception Sunday afternoon at the home of his daughter, Mrs. N. D. Bard, in Stanfield. Mr. Dunning, a former county commissioner and at present a member of the local selective service board, came to Stanfield in 1911. Prior to that he resided in North Dakota for 28 years. He was born at Weld, Maine. Members of his family, who arranged the event and served refreshments for the large number of old friends who called to pay their respects to Mr. Dunning, were his daughters, Mrs. Bard and Miss Marilla Dunning of Stockton, Calif., his son Ivan Dunning of Pendleton, and his granddaughter, Miss Ruth Dunning of Pendleton. Mrs. Ivan Dunning poured. His daughter, Mrs. Lloyd Buchholz of Portland, was unable to be present.

Mrs. Charles Cunha and son Joseph and Mrs. Frances Zanutta will leave Monday for their home at Modesto, Calif. Mrs. Cunha has been visiting here at the home of Mrs. Leona Thompson for several weeks, and her mother, Mrs. Zanutta, has been here since last Friday. Mrs. Cunha reports that her husband, who is a staff sergeant stationed for some time in Trinidad, has passed his examinations for entering officers' training school and expects to return to the United States soon for that purpose.

Earl Middleton arrived Tuesday from Reedsport for a visit with his

parents, Mr. and Mrs. B. B. Middleton, before entering the army. He will go to Portland July 22 and is to be assigned to duty at Ft. Lewis the 28th. He is trying to get an assignment to Alaska as he has been in that territory several years and is familiar with all parts of western Alaska.

H. G. Cooper ended 42 years of service as a railroader Friday when he retired as station agent for the Union Pacific here and turned over his duties to G. H. Frederick, who will serve until a regular agent is appointed. Mr. Cooper plans to take it easy for a while and will probably go on a vacation trip to Portland soon.

Services at the Echo church are drawing an increased attendance, according to the new pastor, Rev. Earl Cotton. He will preach at morning and evening services Sunday and Sunday School will be held at the usual time in the forenoon. Everyone is invited to attend the "Friendly Church in Echo."

Roy Smith, who resigned his position as Echo school janitor this spring to work for the Union Pacific at Ordinance, has been reemployed by the school district and will start work August 1. He will complete his work at the railroad job the last of this week and take a vacation for the remainder of the month.

H. C. Vogler plans to start wheat harvest on his lands west of Butter Creek on Monday. Threshing of barley is now underway at some of the ranches on the creek and a very good yield is reported.

The Red Cap has changed to KHAKI!

but this new baggage system helps solve another wartime problem.

Only a few are left...those helpful fellows with the red caps. Today, we are traveling light—one small bag only. Out of the manpower shortage comes a better method of checking baggage—almost loss-proof. For you there are three simple, easy steps:

1. Ask your agent for a free baggage identification label. Fill it out with complete name and address. Affix it permanently to your baggage.
2. Have baggage agent check baggage through to your final destination.
3. On arriving, claim baggage at once.
