FOUR-H YOUTH TO VISIT RAM SALE

On Thursday, August 17th, a 4-H club program will be put on in connection with the annual ram sale at Pendleton. In addition to judging and other work with sheep, club members will have an opportunity to see the Eastern Oregon State Hospital dairy herd, saddle horses, equipment of the Mustangs and instruction in horsemanship. The day's program will be climaxed with a swim in the Pendleton natatorium. The club members will leave Hermiston by bus for Pendleton at 8:30 a. m. and return in the evening.

Eleven Eastern Oregon counties have been invited to attend, according to Frank E. Hackler, assistant county agent.

Mrs. Koon Writes From Portland

Mrs. R. E. Koon, former resident of Hermiston while Mr. Koon was employed as an engineer at the Umatilla Ordnance Depot during its early construction, writes from Portland that she wishes to renew her subscription to The Herald as they "wish to keep in touch with changes and improvements in Hermiston. We find news which remind us of the pleasant time spent in Hermiston in '41 and '42."

AID SOUGHT FOR RUSSIAN RELIEF

"Can you imagine almost the whole of the United States east of the Mississippi in ruins. 38,000,000 people forced to flee on foot and by primitive means of transportation, some for distances of more than 1,500 miles?"

"We thank God this has not happened in America, but JUST THIS HAS HAPPENED IN RUSSIA. Now the tide is turning. They return to find their homes, their schools, their factories, mines, and fields devastated and useless.

"There is dire need in Russia for medicines, surgical supplies, canned milk for babies, seeds for gardens, clothing—the list is limitless. Mindful of this the Baptist Women's Missionary Society are joining with other Christian groups in filling kits, each to contain a few simple articles useful in any household."

REGULAR LUBRICATION protects your car

Like spark plugs or battery, oil is actually a vital part of your car. To make sure it has the right kind of oil — and the right amount at every wear point — see your Standard Service Man at least every 1000 miles. He uses over a dozen different lubricants, each one developed to solve a special wear problem at some point on your car. Better have a look at that mileage right now. And if your car is due for lubrication — see your Standard Service Man today.
