MY JIMMY NEEDS YOUR HELP!

Jimmy's over there now, fighting our enemies to keep the Stars and Stripes flying.

"Before he left, he told me they are going to need more equipment, more ammunition and more food for INVASION of enemy lands.

"The more bonds the folks at home buy—the more they'll be helping us fighters to win." That's what Jimmy said.

The 3rd War Loan of 15 billion dollars must produce the money to pay for these essentials to victory.

Buy at least one EXTRA \$100 Bond besides your

regular bond purchases—many will have to invest thousands!

Don't think that what you do isn't important. It will take all every individual in America can raise to put this 3rd War Loan over the top. So buy more bonds out of your pay—out of extra income—out of "rainy-day" funds!

The quicker you do that the more you'll help Jimmy and our other boys smash through to Victory.

What do you say? It's the safest, soundest investment you'll ever make! Let's go!
