U.S.O. Specialist To Visit In Hermiston

(Continued from Page One)
 for freedom. As a member of the YWCA's USO program staff, Mrs. Ross will also be helpful as a consultant on many other phases of Hermiston's expanding USO program.

Prior to joining the USO Division of the YWCA, Mrs. Ross was associated with the YWCA as program director in charge of business girls and co-ed activities in Chicago. The National Young Women's Christian Association, one of the six agencies of USO, places special emphasis on helping women affected by the war whether they be service women, Army wives, war production workers and

the National War Fund.

Mrs. Ross will speak to the community women of Hermiston Monday afternoon, January 31, at 2:30 at the USO club. She will speak at Ordinance City Wednesday afternoon, February 2, at 2:30 and Wednesday evening she will meet with the USO Council. Thursday evening she is planning to address the USO Group of Junior Hostesses.

YOUNG COUPLE IS WED SUNDAY

At a single ring ceremony January 23 at 11 o'clock Sunday morning service in the Our Lady of Angels church, Miss Jane Margaret Jackson, daughter of Mr. and Mrs. E. L. Jackson, was given in marriage by her father to William Joseph Bousquet of Portland with Father Cornelius Hyland officiating.

The bride wore a light blue wool dressmaker suit with matching brood accessories. Her only attendant was Mrs. Harold Buell of Portland, the groom's cousin, who wore a navy blue suit. Best man was Peter D. Farley of Umatilla and ushers were Harold Buell of Portland and Pfc. James Jackson, the bride's brother, who also sang Ava Maria with Mrs. N. R. Mueller accompanying him. She also played the wedding marches.

A reception was held at the home of the bride's parents for the wedding party, relatives and out-of-town guests. Pouring were Mrs. C. M. Jackson, the bride's aunt, and Mrs. Robert Wehrli of Condon. Mrs. R. C. McReynolds cut the wedding cake.

Mrs. Bousquet graduated from the Hermiston high school in 1938 and has been employed at the Umatilla Electric Cooperative association.

Mr. Bousquet is a graduate of Umatilla high school in 1936 and is now employed as train dispatcher with the Union Pacific railroad in Portland.

After a short time the young couple will be at home to their friends at 3528 N. Interstate in Portland where they will reside.

Out-of-town guests were Mrs. Herb Hedwall of Aberdeen, Mrs. R. E. Brisen of Hoquiam, both sisters of the

bride; Mr. and Mrs. Geo. Schatz, Mrs. James Hickey and daughter, Mr. and Mrs. Harold Buell, all of Portland; Mrs. Daisy Manning and Mrs. Enfield of The Dalles, Pfc. and Mrs. James Jackson of Corvallis and Mr. and Mrs. Robert Wehrli of Condon.

FORMAL DANCE IS ANNOUNCED

Pendleton Field, Oregon—The Service Club at Pendleton Field is planning a number of interesting features for the dance which is to be held this coming Saturday evening, January 29th. It is being sponsored by the 488th Service Squadron, and in addition it is a part of the nation-wide observance of the President's birthday. All enlisted men and their wives are invited, as well as girls from Pendleton and the surrounding towns.

Mrs. Macready, hostess of the Service club, announces that the dance will be formal.

BULLDOGS LOSE AT MAC HI 30-19

Coach Frank Davison's high school basketball strategists failed to cope with the one-handed push shots of Coe, Mac Hi guard, during the first half at Milton-Freewater Friday night and consequently lost a 30-19 encounter. Coe, who was particularly "hot" for the first two quarters, dropped in five consecutive field goals and two foul shots for 12 points during the first half.

The Bulldogs, however, solved the mystery during half time and Mr. Coe failed to score in the second half, which was evenly fought. Hermiston was slow in getting underway but by the end of the contest was playing on even terms.

GAS SHORTAGE EXPECTED HERE

F. C. McKenzie, chief clerk of the Hermiston war price and rationing board, today warned B and C book holders, farmers and other essential users that the question of whether they will continue to get gasoline without difficulty is "in a large degree up to themselves."

"The Pacific Coast has been using more than its quota of gasoline," Mr. McKenzie said. "The result has been periodic gas famines. In many instances essential users, holding valid coupons, have been unable to get gasoline."

"This condition will continue, and will get increasingly worse, unless those to whom extra privileges have

been granted cease the practice of giving away, or selling coupons not needed by them.

"It would be foolhardy to claim that OPA, or any other group, could determine to the exact gallon how much an essential user should have. This has, unfortunately, resulted in the "loose-coupon" evil.

"A motorist who gives a friend an excess three-gallon coupon may feel that he is committing no serious crime. But the fact remains that those three gallons, used for non-essential driving, will one day be denied to a man who required the use of his vehicle in vital war work."

"The motorist who estimates his needs at 80 gallons and uses but 60 does no harm if, at the end of his rationing period, he returns the excess coupons to his board.

"But the essential driver who illegally diverts excess coupons is doing a disservice, not only to the war effort, but to the family car operators and so-called non-preferred business men who are uncomplainingly getting by on a bare minimum."

Mr. McKenzie said that applications for supplemental allowances will hereafter be subject to greater scrutiny but that the "loose-coupon" practice is a problem to be met by the "conscience and sense-of-duty" of those gasoline users who have been given extra privileges on the grounds of essentiality.

How Much a "dozen" Oranges is really worth?

How Big is an Orange?

If you buy oranges by a "dozen price," how big are they—how can you be sure you are getting your money's worth? Truth is, you can't, unless you know orange sizes. Numbers like 288, 252, 220, 176, 128, etc., are orange sizes. They tell how many are packed in an orange box. A 288 orange is quite small because it takes 288 to fill the box. And, of course, a 128 size would be much larger. Complicated, isn't it?

But when you buy oranges by the pound—you always get FULL VALUE—for a pound is a pound every time.

When is a Ham not a Ham?

When it is a PICNIC!

Modern curing methods now can make PICNICS just as tender—and every bit as delicious as Hams.

How to Cure that Ham

Hams come from the hind quarter and are larger than picnics, which come from the shoulder. Hams vary from about 10 to 20 lbs. Picnics vary from 5 to 10 lbs. The size of your family, the comparative price and points per pound are all factors which you should weigh to determine which is the best buy for your picnic or ham.
