MANY PRESENT AT MEETING OF FARM BUREAU

One of the largest crowds in recent years to attend the annual meeting of the Farm Bureau Cooperative mill and service station last Friday was told that the future holds many new developments, many of which will be released within a year after the war ends. The program was in charge of F. A. Baker, chairman, who kept activities moving in rapid order following a turkey dinner served by the Ladies Aid of the Methodist church.

Mr. Baker called on various visitors for short discussions. Among these were Lowell Steen and Sam Hunter of Milton, Frank Hackler, assistant county agent here, H. K. Dean, Umatilla Field Station, Robert H. Sawyer and Ed Williams of the Pacific Co-op Supply of Walla Walla. The latter told of some new developments in radio and other fields of service and disclosed several new developments to be released soon after the conclusion of the war.

O. C. Pierce, manager of the mill, told of the past year's activities during the business meeting. Figures revealed that the concern did a total of \$262,968 in business in 1943 in comparison to \$191,200 in 1942, or an increase of \$72,000. Net earnings were \$18,686 or an increase of 7.11% over the previous year. The mill ground and cracked 4,390,951 pounds of grain during the 12 month period and manufactured 3,201,098 pounds of mash. The total of grain cracked, rolled and processed was 12,611,000 pounds—a gain of over 1,000,000 pounds over the year 1942. Certificates of equity for 1928-29, amounting to \$8,470, are being called for payment March 1.

In the service station department, Rawland Yeend, manager, the sales amounted to \$70,254 in 1943, in comparison to \$66,803 in 1942. The net earnings to be distributed to the patrons was \$8,633, in comparison to \$8,537 the year previous.

Harry Kelley later spoke on post war planning and President Baker discussed new improvements in the plant and equipment to be made, subject to priorities.

An election of directors was held with the following named: District 1, Echo, Fred Andrews Jr.; District 3,

Columbia, Henry A. Wilson; District 5, Butter Creek, Gaylord Madison.

AGENT ATTENDS STATE MEETING

Mr. and Mrs. Art Thompson of Hermiston returned home Tuesday evening from Corvallis and Portland where they attended the state and national State Farm Mutual conventions. Mr. Thompson was awarded a state and national prize for his efforts during the past year and was one of 12 Oregon men to be presented with the 1000-club pin for the company. Mr. Thompson also was asked to represent Agency Vice President A. W. Thompkins of Bloomington, Ill., at the convention.

Mr. Thompson stated that as of December 31, 1943, the company had over 990,000 policyholders and the figure is now over the million mark.

Also present at the meeting were Jack Wakefield and Virgil Wilkes, both well known here. Mr. Wilkes, formerly of Hermiston but now of Medford, is now a district representative.

EGGS

You don't HAVE to GUESS about them!

No indeed! Because if you understand how eggs are graded to conform with government law you can quickly and easily choose the best eggs for your purpose. For example, the next carton of eggs you buy may be imprinted "GRADE AA, Large." According to U. S. Department of Agriculture regulations, the "AA" indicates that these are the very finest eggs you can buy, having passed all the strict tests for highest quality. The designation "Large" means that the eggs are uniform in size and that a dozen of them must weigh from 24 to 26 ounces. With Lent starting this week, may we suggest that you familiarize yourself now with this timely grading information.

Grade AA—Fanciest Egg Packed. Strictly "fresh"
 Grade A—Fancy Quality. Fine for all purposes
 Grade B—Not good enough for A or AA. OK for cooking
 Extra Large—28 oz. or more per doz. Medium—21 to 24 oz. doz.
 Large Size—24 to 26 oz. per doz. Small Size—18 to 21 oz. doz.

We're Proud of Our

FISH

Actually we're proud enough to have a lot of it stuffed and framed and hung on the wall, but that wouldn't be very practical in a market, would it? The meaning we're trying to convey to you here is that our fish department is now ready with a larger variety of the finest fish available, in anticipation of your Lenten Menus. If you haven't visited our newly renovated and revitalized Fish Section, do so soon, won't you?

Not a complete listing, but here are a few of the most popular items you will find at your Safeway market: Halibut, fillet of sole, salmon, rock cod, ling cod, red snapper, smelt, shellfish and others.
