

Remember!!!

Servall Staz-Dry . . .

The ideal litter for brooder house and laying house—is dustless, highly absorbent, and covers more floor space than other type poultry litters, yet costs less than most other types.

Potato Growers, Attention!

We are now taking orders for Netted Gem Seed Potatoes. Certified or uncertified. The uncertified seed is hand sorted for size and quality from plantings of certified seed.

Before sale call 3311 or 2601 for prices on Fat Stock.

Hermiston Livestock Comm. Co.

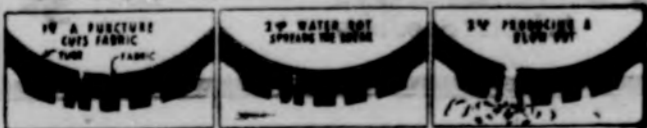

East End of Main Street

ABOUT TIRES

IS THAT ONLY AN INSIDE INSPECTION

Can tell about Fabric Breaks which do not show from the Outside until too late. It's like this:

Three less than a year old are usually sound, but OLDER TIRES (which are most of them) GENERALLY SHOW FABRIC DAMAGE SPOTS, often started by a puncture, severe bruise or rock cut which occurred so long ago the owner has probably forgotten all about it.

AN INSIDE INSPECTION AND THEN VULCANIZED REPAIR OF ALL WEAK SPOTS WILL GIVE YOU MUCH EXTRA MILEAGE

Come in and see us now.

Hermiston Auto Co.

Hermiston, Oregon

Thursday, 7:41, Bible study and prayer meeting.
A hearty welcome awaits all.

BELLINGER BUYS FINE JERSEY BULL

New York—A registered Jersey bull has been purchased by Ed. E. Bellinger of Hermiston from Dale L. Hankins of Emmett, Idaho. The name of the animal is Owl Geronimo Guy 452633.

The whereabouts of all registered Jerseys is known and carefully watched over by the American Jersey Cattle Club, with offices in New York City. This important job is made possible through registrations and transfers made by Jersey Breeders everywhere. Tattoo identification, somewhat similar to finger-printing, keeps individuals of this dairy breed always known.

Jerseys make up 42 per cent of all dairy cows in the United States. Because they produce the world's richest milk, and because there are more Jerseys than any other breed in America, their role in National Defense is an important one. Increased production of Jersey milk guarantees the protective food needs of here and abroad.

GARDENS ARE AID TO WAR EFFORT

America depends on its victory gardens to back up the farmer in the job of producing more food for our armed forces and civilians. The production of vegetables is a concrete example of how victory gardeners and gardenettes can help increase our food supply. In 1943 the commercial truck crops of vegetables for fresh market contributed slightly more than half the nation's total vegetable production. The remainder came from millions of victory gardens, said Frank E. Hackler, assistant county agent.

This year the nation is asking a goal of 22 million victory gardens. Even if it were possible for commercial vegetable growers to expand their production, there would not be sufficient trucks and refrigerator cars to transport the produce long distances. Hence, we must grow a large portion of our vegetable requirements in victory gardens and eat or process them near the point where they are grown, stated the assistant county agent.

STANFIELD HAS GRANGE MEETING

Stanfield Grange met Tuesday evening in a very interesting session. Assistant County Agent Hackler spoke on the topic, "Rationing". He also gave a number of timely and

helpful suggestions on other problems confronting farmers at the present.

Mr. and Mrs. Chas. Wicklander were distinguished visitors present. Mr. Wicklander is a state deputy and spoke on various phases of Grange work. Mrs. Wicklander is on the State Juvenile Grange committee and spoke on her work in that field.

Other numbers on the program centered around the "Trees" idea, and included a vocal solo, "Trees", by Mrs. Roy Duncan. A vocal duet by Mrs. Duncan and Mrs. Strasser was enjoyed as well as community singing and a guessing contest with Joe Du Puis being the winner.

Delicious refreshments were served after the meeting by the committee: Mr. and Mrs. Robert Parker and Mrs. Esther Strasser.
