The TRUTH ABOUT TIRES

IS THAT ONLY AN INSIDE INSPECTION Can tell about Fabric Breaks which do not show from the Outside until too late. It's like this:

Tires less than a year old are usually sound, but OLDER TIRES (which are most of them) GENERALLY SHOW FABRIC DAMAGE SPOTS, often started by a puncture, severe bruise or rock cut which occurred so long ago the owner has probably forgotten all about it.

AN INSIDE INSPECTION AND THEN VULCANIZED REPAIR OF ALL WEAK SPOTS WILL GIVE YOU MUCH EXTRA MILEAGE Come in and see us now.

Cooking Club Meets The "Eight Jolly Cooks" cooking club met Saturday at the home of Reita Martins with Mrs. Graves as leader. The present project calls for the girls cooking some dish and bringing the recipe to the next meeting.

U. O. D. NEWS (Continued from page 1)

Lest we forget! American Legion Poppy Day, May 26th. We can afford to be generous. Jack Allen of Fire Station No. 1 came out Monday to take his mother, Mrs. S. B. Allen, home from the hospital where she had been a patient. He was accompanied by his wife and small daughter, Gloria, a tiny, curly headed blonde who made quite a hit with the Fire Department.
