DID YOU KNOW—

That in nearly all Americans there is a YEN for natural optimism—we know that the war will not be over tomorrow—we know that it may be a hard long fight, but we can't help looking forward to the beautiful rose colored days of peace. That is all right unless—it makes us relax our effort to win—UNLESS—it makes us lose our memory of the results of the last war. DON'T let us lose that memory of the depression, the poverty, the long bread lines, the soldiers walking the streets looking and looking for work, and not finding it. Peace will bring economic problems, and this time let us be ready to meet them face to face and have the solution for those boys who come back. Let us back them up now and then with the Bonds that will spell VICTORY, PEACE and SECURITY.

Your 25th Poppy is doing double duty this year—1919-1944. Poppy Day at the UOD will again be handled by the American Legion Auxiliary of Hermiston. Members will be posted at the Time Clocks at the change of shifts. Our sale for last year was 3200, which was a "Record". Come on—let's beat it this year, now that we know that Poppies are doing a double duty. Families of veterans of this war as well as the families of men who were killed, injured or incapacitated in World War I are being cared for. Every one wants a Poppy, so—LEST WE FORGET—POPPY DAY May 26 - 27, this year, 1944.

CAFETERIA HAS EXCELLENT YEAR

(From the Bulldog)

Last Thursday marked the close of a very successful year of the high school cafeteria. This is the close of the seventh year the cafeteria has been serving the school students, and it has had a greater clientele than in previous years. More students have taken advantage of the delicious and nutritious food furnished at low prices and in this way the cafeteria has been not only a help to the school but to the community also. Parents can be confident that their children will obtain the well-balanced meal that is so necessary.

Mrs. Burrell states, "This is the first time the cafeteria has not closed before the end of the school year and it has been one of the most enthusiastic and successful years since I've been here. It has been a pleasure to serve the students of both grade and high school."

FOUR-H SCHOOL IS CURTAILED

Wartime shortages of housing and help on the Oregon State College campus have made it necessary to cancel plans for what would have been the thirtieth annual 4-H club summer school, according to word just received by Myrtle Carter, from H. C. Seymour, state club leader in the Extension Service.

Decision to abandon the summer school, which normally attracts around 2000 club members, was arrived at by the college administrative staff only after every possible method of overcoming the difficulties had been canvassed, Seymour informed Mrs. Carter.

All dormitories on the campus are still under contract to the army and will be through the proposed summer school period. A number of the fraternity houses formerly used are also unavailable this year, while it is uncertain that enough cooks and other help could be kept to operate the houses that could be used.

Shortage of other help including chaperons, teachers and other personnel developed making it impossible to operate more than a greatly restricted program at best.
