

# The TRUTH ABOUT TIRES

IS THAT  
**ONLY AN INSIDE INSPECTION**  
 Can tell about Fabric Breaks which do not show from the Outside until too late. It's like this:

Tires less than a year old are usually sound, but **OLDER TIRES** (which are most of them) **GENERALLY SHOW FABRIC DAMAGE SPOTS**, often started by a puncture, severe bruise or rock cut which occurred so long ago the owner has probably forgotten all about it.

**AN INSIDE INSPECTION AND THEN VULCANIZED REPAIR OF ALL WEAK SPOTS WILL GIVE YOU MUCH EXTRA MILEAGE**

Come in and see us now.

## Hermiston Auto Co.

Hermiston, Oregon

### NOTICE TO CREDITORS

NOTICE IS HEREBY GIVEN that the undersigned has been appointed administratrix of the estate of Jesse S. Arnold, deceased, in the County Court of the State of Oregon for Umatilla County. All persons having claims against said estate are hereby required to present such claims, duly verified, with proper vouchers attached, to the undersigned at the office of W. H. Cravy, Echo, Oregon, within six months from the date of this notice, the same being dated and published the first time

this 25th day of May, 1944.  
 NELL I. ARNOLD,  
 Administratrix of the Estate of Jesse S. Arnold, deceased.  
 W. H. Cravy, Attorney for Administratrix. (May 25-June 22)

### NOTICE TO PUBLIC

I will not be responsible for any bills contracted for by anyone but myself.

Signed: Orval Morris.

## Down On Mac's Farm

One farmer was explaining to a townsman how it happened that all the costs of food had gone up. "When a farmer has to know the botanical name of what he grows, the entomological name of the insects which try to destroy it, and the pharmaceutical name of the stuff to spray it with, somebody's got to pay for it."

A couple months ago, a committee was appointed by the Chamber of Commerce to investigate the possibilities of securing a veterinary for this area, and arrange for his establishment if one could be found. There are a lot of us farmers hereabouts that are dead in earnest when we say, "We've got to have a vet." Talking with Pete Berg the other day, I learned that the committee was not just another one of these appointed bodies whose names are recorded in the minutes of a meeting, with no intention to have them meet, but a group of fellows just as earnest in finding a "vet". Pete stated that very favorable progress is being made, and although a definite commitment could not yet be made, the services of a veterinarian were almost a certainty within the

**Hermiston Livestock Comm. Co.**  
 East End of Main Street

next few weeks. Of course we all know that there just aren't these men floating around, and what few are around are busy as the dickens. Hats off then to Pete and his committee for the interest and the accomplishments they have shown.

Assistant County Agent Hackler was a visitor at the farm the other day, and had an interesting statement to make regarding the 4-H club work in the region. Seems like there is a contest up for the judging of livestock and several of the members from here are to be entered. Hackler has arranged to have his entrants judging at the Hermiston Livestock Commission Sales Yard this Friday, May 26th. Some of you folks might be interested in seeing this experiment and others who may not know what constitutes a good animal, could have a good chance to learn of the points of judging, etc., that are necessary. This is applying good sense and practice to the theories of 4-H work. Keep up the good work 4-H'rs, we are back of you 100 per cent.

"We got a remarkable brand o' pigs down our way," the Ozark hillbilly said. "Razorbacks, we call 'em. One day one of 'em found three or four sticks of dynamite an' let 'em. A mean mule come along and kicked the pig agin the barn. The dynamite went off, the barn blowed up, pieces o' mule came down all over the country, an' windows broken in houses for miles around. And let me tell you, fer a couple a days we had a mighty sick pig on our hands."

Well, time's up, and space is out so I'll have to sign off for now, but want to see you next week with more items of interest and a few smiles.

Pd. Adv.

### U. O. D. NEWS

(Continued from page 1)

**Magazine Area**  
 Mrs. Claude Tefft is ill with pneumonia.

The Labor and Equipment Division have moved their tool and maintenance shop into the new building located on the west side of the dunnage yard.

Charlotte Nelson is back from a business trip to Astoria.

Clifford Neal transferred from the Equipment Division to the Box Factory.

**Stock Control**  
 Nora Willis spent last week in Seattle and Sequim, Wn. She visited her brother who was home on furlough. Marjorie Tobin visited her mother in Enterprise over the week end.

**Transportation**  
 Mrs. John Dooley left for Golden, Colorado, Monday night where she was called by the death of her mother.

**Rail Transportation**  
 Courtney Belt and George Michael went fishing in the reservoir. They must have had a good time, as Courtney caught one little minnow. He left it on the hook to see what would happen and sure enough a large croppie ate the minnow so he boasted one fish. George had a good time drowning worms. Better luck next time.

Lt. Warren and Lt. Graves and families enjoyed a fishing trip to Wallowa Lake.

**Along the Way**  
 Charles Rowland, box factory, has had a bit of bad luck lately. He felt well enough to be up and about again and was driving his cows in from the pasture one evening and his horse fell on him injuring his leg. Now he is on the sick list again.

Lt. and Mrs. Lynch and Lt. and Mrs. Snyder spent the week end at Bingham Springs fishing.

Why is 'Cap' Paul going around with a chest expansion 3 inches larger than usual? Haven't you heard? He's the proud grandfather of a baby boy. Grandfather and grandson doin' nicely.
