

# THE TRUTH ABOUT TIRES

IS THAT ONLY AN INSIDE INSPECTION  
Can tell about Fabric Breaks which do not show from the Outside until too late. It's like this:

Tires less than a year old are usually sound, but OLDER TIRES (which are most of them) GENERALLY SHOW FABRIC DAMAGE SPOTS, often started by a puncture, severe bruise or rock cut which occurred so long ago the owner has probably forgotten all about it.

AN INSIDE INSPECTION AND THEN VULCANIZED REPAIR OF ALL WEAK SPOTS WILL GIVE YOU MUCH EXTRA MILEAGE

Come in and see us now.

### Down On Mac's Farm

We have just begun to realize what the magnitude of our fighting forces really is. The INVASION has begun and on such a tremendous scale that it is incomprehensible for the average individual. The bringing together of the little items into one great determined effort, is an example of the American way of life. All for one, one for all!

We farmers have a very real part in this fight too. And let's not FORGET IT! We wear no uniform; we receive no medals, honors, nor parades but our efforts in the field of production are a vital part of the total war program. Without our production,

### LET US SOLVE YOUR EYESIGHT PROBLEM!

If your eyes trouble you come here for a thorough examination . . . Modern glasses ground to fit if they are needed.

Over 30 Years Successful Optical Experience!

DR. DALE ROTHWELL OPTOMETRIST  
418 South Main St. — Pendleton Near Bus Depot

war planes could not fly, ships could not cross the seas, the cannons could not thunder, nor the armies of Freedom march. Fats from our farms go into mountains of munitions to conquer our foes. Our grains make alcohol for high explosives. Leather from our livestock goes into battle boots. Wool from our sheep goes into millions of uniforms for our soldiers, sailors and marines.

From our soil must come a vastly increased flow of grain, fruit, milk, meat and eggs to nourish a fighting front that extends completely around the globe. We owe it, then, to those who have gone from our farms, homes and towns, to do the fighting for us, we owe it, I say, to do the best and biggest job of production that we have ever done.

Some of us are still plodding along in the same old ruts, and farming the same old way, when there are newer methods, newer feeds, newer nutritional values to be obtained if we would only take the time to seek them out. We have an excellent chance to get the latest facts on any of these farm subjects from Pete Berg, who has just returned from a prolonged meeting in Portland, dealing with every phase of farm production. Next week, I want to bring to your attention some of the production figures that he brought back with him, and other pertinent matters which will aid each one of us in doing a bigger and better job on the farm front.

With every mile of ground gained, and with every prisoner taken, our job of production gains in its magnitude. Let's pledge ourselves to the greatest "all out" effort the American farm has ever known. We can do it if we will fit ourselves for it. ALL FOR ONE, ONE FOR ALL!

In Washington a smart and pretty Irish girl driving a sleek machine was arrested by an Italian crossing policeman for failing to observe his signal. In the traffic court next morning the

girl was asked by the judge how she came to be apprehended. The girl answered: "The cop was too fresh. I was in a hurry to do some shopping and he took me unawares."

On hearing this, the officer sprang to his feet in righteous wrath and blurted out: "Me take her underwear; Diavolo! I never touch her underwear or anywheres; she make-a de big lie out of de whole cloth."

Remember, FOOD is an essential weapon of war. Produce the most and produce the best, by using the best feeds, and soil builders.

Until next week, Cheerio!

### HERMISTON BAPTIST CHURCH

H. V. McGee, pastor

Church School, 10:00 a. m.; Morning Worship, 11:00. Sermon subject, "Contributions to Peace". Youth Fellowship, 7:00 p. m. Evening worship, 8:00 o'clock. Sermon, "The First and Great Sin."

### SALVAGE PLAN IS CONTINUED

Mrs. Walter Hamm, chairman of the local salvage committee, has been informed by the state office that all salvage campaigns will continue as in the past. Due to the fact that the big invasion is underway there had been some talk that the various salvage projects might slacken.

Fats are still vitally needed and housewives should continue to turn in all waste fats to the various receiving centers. The paper situation is critical. In spite of the strenuous paper salvage campaigns in recent months, the inventories are very low and all possible paper must be collected.

Tin is also needed for different uses by the armed forces. Mrs. Hamm states that a tin drive is now being planned and will be announced. The war is still far from over and all salvage drives are urged to be continued.

### SCHOOL DISTRICT BUDGET PRINTED

On Page Six of this week's Herald is printed the new budget for School District 14, elementary school. The budget was prepared by Superintendent of Schools W. G. Kersbergen, R. A. Brownson, district clerk, and the following board members, F. C. Woughter, Charles Hodge and Leander Quiring, regular board members, and Ramon Beatty and A. H. Cable. The group met Monday evening at the high school.

School District 14 is in excellent financial condition at the present time with no bonded indebtedness. The district has been aided during the past two years by the federal government in its operations and this will be continued next year.

Although there have been many delays, it is hoped that bids will be released soon for the construction of a new building here and also one at Ordinance, whether they will be completed by next September depends on how fast further details can be completed.

### INFANTRY DAY NEXT THURSDAY

Next Thursday, June 15, is Infantry Day and the occasion will have special significance in this area because of the part that the Umatilla Ordnance Depot is playing in this phase of the war. The following information has been released by Lt. Col. Hoffman, Public Relations Officer, at the Umatilla Ordnance Depot: "The Ordnance Department of the Army Service Forces designs or encourages the design of the most effective and powerful arms for the use of our doughboys. The Garand rifle was developed at the Springfield (Mass.) Arsenal. While this rifle is still manufactured in large numbers at the Springfield Arsenal, the Ordnance Department also arranges for the manufacture of this weapon by private industry. The value of the rifle in the hands of the infantrymen is enhanced by the use of the leather sling and the improved bayonet, small items which receive the most careful thought and study. Large supplies of the ammunition for the rifle, the trench mortars and the heavy weapons for the infantry are stored at the local depot so that the soldier at the front line will never lack these items.

"Trucks which carry the infantry into battle are designed, purchased, supplied and maintained by the Ordnance Department and Ordnance troops.

**CASH FOR YOUR Used Car**  
Preferably late models. Will buy your equity.  
**Hermiston Auto Co.**

"Complete and efficient mechanical repair shops for the weapons and vehicles with which the infantry soldier fights are in service directly behind the infantry on all the battle fronts in this global war."

**Riley Leeper Is Injured**  
Riley Leeper, mill foreman at the Farm Bureau mill here, was seriously injured last Thursday while operating a corn cracking machine on the top floor of the warehouse. Mr. Leeper's right hand was caught in the corrugated rolls of the machine, which drew his hand into the rollers. He suffered the loss of a part of three fingers. He was taken to the hospital and later to his home.

**ORDNANCE MISSION**  
E. M. Ayers, Pastor  
Sunday, June 11—Preaching at 2:00 p. m.; Sunday School at 3 p. m. Both the attendance and interest, the past two Sundays, has been good, and the outlook is hopeful. The public is invited to attend these services, where the pastor desires to meet you. A warm welcome awaits you. Don't forget to pray!

**CENTRAL CHURCH OF CHRIST**  
C. Warner, Pastor

The sermon topic for Sunday morning worship service will be "Jesus and the Individual", and Sunday evening, "A Great Decision".

The general meeting of the Women's Council for June will be held Wednesday of next week. Bible school meets 10:00 a. m., morning worship at 11 a. m.; Christian Endeavor, both young people and adult at 7 p. m. and evening worship at 8:00. Midweek service at 7:30 p. m. Wednesday.

**Umatilla P. T. A. To Meet**  
The Umatilla Parent-Teachers association will hold a regular meeting Tuesday evening, June 13, beginning at 8:00 o'clock, according to Mrs. George Linn. The group holds its meetings at the high school.

**James Naughton Returns For Duty**  
Aviation Cadet James Naughton left this week for Lincoln, Neb., for assignment for further duty with the army air corps. The Naughtons arrived last week for a short visit here. Mrs. Naughton and baby plan to remain here with her parents, Mr. and Mrs. H. L. Connor, for the time being.

**HERMISTON METHODIST CHURCH**  
Walter A. MacArthur, Minister

The services at the 11 o'clock hour this Sunday will be in the form of a dedication litany for the several new gifts of the Chancel. Dr. Silas E. Fairham, District Superintendent from Salem, will be present to deliver the dedicatory sermon. The public is cordially invited to participate in this service.

Other services are: Church School at 10:00 a. m.; Youth Fellowship at 6:30 p. m.
