## CHRISTIAN SCIENCE CHURCHES

"The Universe, Including Men Evolved by Atomic Force?" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 18.

The Golden Text was, "Thou, Lord, in the beginning hast laid the foundation of the earth: and the heavens are the works of thine hands" (Heb. 1:10).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "In the beginning God created the heaven and the earth. And God said, Let there be light: and there was light" (Gen. 1:1,3).

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The objects of time and sense disappear in the illumination of spiritual understanding, and Mind measures times according to the good that is unfolded. This unfolding is God's day, and 'there shall be no night there'" (p.584).

## 'Boxing Day' Observance Has Biblical Background

"Boxing day" is in reality St. Stephen's day and is observed in England and other Old World countries in commemoration of the biblical martyr in recognition of his having been the first to seal with his blood the testimony of fidelity to his Lord. The year in which he was stoned to death, as recorded in the Acts of the Apostles, is supposed to have been 33 A. D. Due to the custom, established many years ago, of distributing Christmas boxes or gifts of money to employees and public servants, such as postmen, lamp-lighters, and others, on the day after Christmas, it became popularly known as "Boxing day," and observed as a general holiday by the common people.
