TO US TO KNOW THAT ALL THE MILK THAT WE SELL IS PRODUCED FROM COWS THAT HAVE BEEN TESTED & FOUND FREE FROM DISEASE.

We do not produce our own but buy milk from the farmers whose cows are clean and free from disease and every animal in those herds have been found free from disease for a period of more than two years.

With every new case of undulant fever in town, it becomes more imperative that we use only pasteurized milk — or better still, milk from the Happy Thot Dairy, and BE SAFE!

HAPPY THOT DAIRY was the FIRST to sell pasteurized milk in Hermiston, the FIRST to sell Vitamin D Milk, FIRST to sell Chocolate Milk, and best of all—sell milk from disease free cows. We are the oldest dairy in Hermiston under the same management.
