STANFIELD NEWS

By Mrs. Rose Hedrick

Will Payne, born in Kansas June 16, 1868, passed away in St. Anthony's hospital July 25, after a year and a month since he was hit by a train, followed up with several strokes. Mr. and Mrs. Payne lived on a farm west of Stanfield since 1923 and Mrs. Payne, formerly Laura Shanks of Weston, to who he was married in October, 1919, passed away March 18, 1934, since which time Mr. Payne lived alone and did a little farming. Bomboys had charge of the funeral and burial was at Olney cemetery on July 29th. Amanda Hatley, a step-daughter, will reside on the farm. Frankie Lane was called to Portland Saturday where her mother, Mrs.

G. W. Sturdivant, is ill in a hospital. Virginia and Alida Picanso left Wednesday night to visit their grandmother, Mrs. Mahood, in Pittsburg, Kansas.

Harry Davis March of Chico, Cal., is visiting his daughter, Mrs. Don Sikes, on the project.

Mr. and Mrs. L. E. Hughes, Bernice and Beverly, left Wednesday for a week's visit with Mrs. Hughes' brothers, Roy Colpitts of Myrtle Point and Carl Colpitts of Medford.

Rose Hoosier, teacher at Heppner, left Monday for a vacation with her brother Harold Hoosier and family at Edmonton, Canada.

Ralph Krause and Ruby Waltz, Frieda Bieber, Nanny Potenski, all visited at McKay Dam Sunday.

Jack Rice, S. 1/c. and Harold Rosemeyer, S. 1/c, gunners on merchant

ships, were here to see Jack's mother, Grayce Rice, and grandparents, the Charley Bakers, for three or four days. This is Jack's second furlough since entering the navy last September.

Mrs. M. Refvem left by plane Sunday night to visit her daughter, Mrs. Robert Refvem, in San Francisco.

Mrs. David Graham of Castle Rock is a house guest of her parents, Mr. and Mrs. C. E. Fisk, while her husband made a business trip east.

Mrs. Everett Greathouse and daughter Doris returned home to Oregon City, after a visit here with her sister and husband, Mr. and Mrs. Ernest Greathouse.

Myrtle Carter and sister and mother of Freewater are house guests of Mrs. Wiley Hewitt.

Mrs. John Peters left this week to visit her daughter at Eugene.

Mrs. Mollsted visited her daughter Mildred, and sister, Lena Kinnard in Pendleton over the week end.

Pvt. Loren Miller and wife were the inspiration for a party at the Gilbert Smith home Saturday night. Guests were Mr. and Mrs. D. W. Bliss, Mr. and Mrs. Carl Rhea, Mr.

Eldene Fowler is making an extended visit with her grandmother, Mrs. Chas. Makinson at Stibnite, Ida.

Billie Gabriel of Portland spent the last of the week here with her parents, Mr. and Mrs. Vern Gabriel.

Pvt. Dorence T. Smith of the Anti-Aircraft unit and stationed for 25 months in the Aleutian islands, spent his 18 day furlough in Stanfield at the home of his parents, Mr. and Mrs. C. W. Smith. His new station will be Camp Haan. His unit has a Jap plane to their credit.

Miss Holly Kay Isaac, daughter of Mr. and Mrs. Buz Isaac of North Powder, is visiting Eileen Garoute on the Meadows.

Mrs. Helen Rynning presented four musical numbers at the Aid guest day August 3, and a skit with Mrs. Mable Richards, Phyllis Sires, Carolyn Smith participating. The skit was "No Visitors, Please." Some guests followed. Miss Berry and Florence Swaney served.

Mr. and Mrs. Carl Rhea went to the mountains for posts last Sunday.

Mr. and Mrs. Homer Hedrick and daughters spent Saturday night at the Caplinger home, the guests of their daughter Billie and husband and sons Dicky and Bill. Miss Berniece Huehes accompanied them.

Postal inspector Sellers of La Grande visited the Stanfield post office last week and gave them the usual high rating, says Mrs. Margaret Daughtrey, the postmistress.

Mr. and Mrs. Frank Kerr and children of Portland returned home Tuesday after a visit with his sisters, Mrs. George Ward at Stanfield, Mrs. Frazier at Umatilla. They expect to move to their ranch near the Fraziers soon.

R. F. Evans is redecorating the George Ward house which has recently had a new roof.

Rev. Duncan is having a bathroom installed at his home in the northwest part of town, and making other improvements.

U. O. D. NEWS

(Continued from Page One)

Rail Transportation

Mr. and Mrs. Calvert of the Union Pacific just returned from a month's vacation at Wallowa Lake.

Dorothy Pierson recently underwent an appendectomy at the Walla Walla General Hospital.

Mr. Henning, from the Transcontinental Freight Bureau, is auditing records in the office this week.

The nine hour shift is being taken in the stride of the girls in this office. Some are wondering, "just where was the bus?"

Janet McNabb is limping a bit today after spending a quiet evening at home reading! She was walking around the house and stepped into a water hydrant hole and injured her leg quite badly! (Moral—never spend a quiet evening at home.)

Magazine Area

Congratulations to Opal Stallings, who almost fell out of the box car in which she was working, when she was informed that she was the lucky winner of the \$500 bond that was raffled this week.

Mrs. Andrew Swingley returned home this week after visiting relatives in Savanna, Illinois, for a month.

Thelma Myer left Tuesday for Nebraska where she will visit her mother before returning to Hermiston where she has accepted a position of teaching school again this year. Her sister Thenora will accompany her.

Rose Tufeland is back on the job after a two months leave.

Stella Doll is recovering nicely from a recent operation in the St. Anthony's hospital in Pendleton.

Jessie Jensen was honored by two farewell parties this week. Miss Alice Frosh entertained for her Wednesday evening at her home in Hermiston and Billie Coulter entertained for her Thursday evening at her home in Irigton. Mrs. Jensen will leave August 5 to make her home in Seattle with her mother.

Inspection

Bill Young and Bill Jennings have returned from field trips. Mr. Young was at Spokane and Bellingham, Wn., and Mr. Jennings was at Euphrata Air Base, Walla Walla, Base and Geiger Field, Wash.

In one cubic mile of ocean there are approximately 9,000,000,000 pounds of magnesium; new chemical methods make extraction from this limitless source possible.

Why a Farmer Should Buy and Keep War Bonds

By Mark T. Buchanan

Acting Chairman, Division of Farm Management and Agricultural Economics
State College of Washington, Pullman, Washington

DURING the early stages of an inkationary period a farmer should talk like a pessimist and act like an optimist. He should extend himself by means of credit and take advantage of the rising price situation.

During the latter part of an inflationary period he should talk like an optimist and act like a pessimist. He should liquidate his debt and put as many inflationary dollars as possible into a fixed investment. No fixed investment is more satisfactory for this purpose than War Bonds of the United States.

In addition to laying aside present easily obtained money to use when its purchasing power has increased, there are several other reasons why farmers should buy and keep War Bonds.

Reserve for Needed Replacements and Improvements. Every farmer knows that his machinery and equipment gradually wear out and become obsolete. During this time when new machinery and equipment is difficult to obtain, he should lay aside funds with which to replace this equipment when it becomes more readily available following the war.

Prevent Inflation. This war is costing twice as much per year as the total cost of World War I. To the extent that the Government can borrow this required money from individuals out of savings or funds that otherwise would be available for living, inflation will be averted. That is why the Government is much more interested

in selling Bonds to individuals than in selling them to banks.

Protection. This country and the war effort have been blessed with six successive years of phenomenal crop yields and agricultural production. If a penny is tossed six times and comes up heads every time, the probability of the seventh toss is still 50-50, heads and tails. Although the succession of good crop years does not necessarily portend crop failure to come, nevertheless crop failure is always something that should be considered possible. Money invested in War Bonds will provide protection for living expenses and capital during the difficult years.

Safe Investment. As a rule the paying off of the "mortgage" is a farmer's best investment. During the war years, however, many farmers have accomplished this, and are now seeking a safe investment for extra cash. No investment is safer than the Bonds of our Government. Not only is this investment a safe one, but the returns are attractive. Series E Bonds held for 10 years return interest of 2.9 per cent, compounded annually—in 10 years \$4.00 for each \$3.00 put in.

Patriotic Motive. Not to be forgotten is the fact that this war must be won. Farmers have more sons and daughters in the service per family than any other group of our population. We must provide them with the planes, tanks, guns, ships, and other materials necessary to speed their return home.

U. S. Treasury Department

OREGON AAA HANDBOOK TO BE READY SOON

Two AAA officials from Washington, D. C. George Weaver, range specialist, and Tom Joyce, in charge of program development, came to Oregon the first week in August to work with state officials in preparing the Oregon handbook on the 1945 agricultural conservation program.

As soon as this handbook is prepared it will enable Oregon farmers to plan their programs for next year in line with prospective national de-

mands as reflected in conservation practice payments. The detailed program set out in the handbook will not become official until finally approved in Washington some time later, but past experience has shown that little or no change occurs after this stage, according to Oregon AAA officials.

Willis Boegli, assistant in the state office, recently returned from Washington, where he helped formulate the practice program for next year. He says it is unchanged from this year for the most part, although a number of minor alterations and improvements have been included. Details of the new program are ready earlier this year than ever before.

"Bragging? No, It's A Fact!"

Hermiston Dairy milk comes from Prize Herds - - Tested every month for Bangs and T. B. - - Truly a 100 per cent milk!
