WEATHER TURNS COOLER HERE

It is beginning to look like the hot days are waning and in recent mornings hunters are even stating that "buck fever" is in the air. Although many surrounding communities reported considerable rain Sunday night Hermiston has been without rain for almost two months.

The report for the week follows:		
Date	Max.	Min.
August 2	92	57
August 3	91	62

REMEMBER

One match, one cigarette, one careless act can start a raging fire in an Oregon forest. In the woods, BE CAREFUL, for wood is a critical war item filling more than 1200 military uses.

POINTS ON LAMB TO STAY ON

The national Office of Price Administration today reaffirmed its previous position and has decided not to grant a point holiday or bonus stamp for lamb, according to word just received by George L. Curry, acting district OPA director, from Charles R. Baird, regional OPA administrator at San Francisco.

Baird relayed the message from Charles Phillips, OPA deputy administrator in charge of rationing at Washington, D. C.

Phillips said the matter had been thoroughly reconsidered at a joint meeting with officials of the War Food Administration, the Office of Price Administration and the War Meat Board, and the district OPA request was denied on the ground that recent ameliorating factors are relieving the local lamb situation.

Phillips explained that removal of utility lamb from points should give some relief, and that increased buying by the military will absorb higher quality lamb. He indicated also that demands of the consuming public are accelerating considerably over the demand of the past 30-60 days.

A BOOKS SOON TO BE RENEWED

Renewal of basic "A" gasoline rations which expire September 21 will get underway the latter part of August, Frederic F. Janney, district OPA rationing executive, announced today. Exact date and method of filing applications for renewal will be announced shortly, but will be handled by local OPA boards, he indicated.

All renewal applications must be accompanied by the back cover of the current "A" book, Janney emphasized. The applicant who has lost or thrown away the cover of his "A" book will have to prove to the board (1) that he has a car which entitles him to apply for an "A" ration; (2) that the car is currently registered and in use; and (3) that a new basic "A" ration has not been issued for it and no application for a renewal is pending at any board.

Janney said the new "A" book will provide the same monthly ration as the old — eight gallons or approximately 120 miles a month. However, coupons in the new "A" book will be worth four gallons instead of three, the value of the present coupons. Six of these four-gallon coupons will become valid every three months. At present eight three-gallon coupons are validated every three months.

Substitute R.R. Clerk Needed

An examination to secure substitute railway postal clerks for Alaska and the 32 states named in announcement number 333 has been announced by the United States Civil Service Commission. Applications will be accepted at this time from residents of only Alaska and those 32 states. Applicants, to qualify, must pass a written examination consisting of a general test and mail routing tests. The salary for these positions is \$2,464 a year, including overtime pay, for a 48-hour week. Information and application forms may be obtained from the commission's local secretary, Vic Adleman, at the local post office.

SHORB STARTS HIS CAMPAIGN

C. J. Shorb, democratic nominee for Congressman 2nd District, is starting upon his active campaign of the district this week. He left for Portland to attend the Department convention of the American Legion as a delegate from the La Grande Post, of which post he is a past commander. He expects to then start on a trip which will take him into all the counties of the district where he says he wants to meet as many people as possible.

Some of the things which Shorb stands for are—All-out effort looking to earliest possible victory—all possible aid for war casualties and soldier rehabilitation—extension of Social Security to include business men, school teachers, public servants, domestic and farm laborers—greater development of our natural resources, especially power and flood control, and a continuance of a forward looking farm program and low interest rates.

Mr. Shorb is publisher of the Eastern Oregon Review at La Grande and

also operates a retail and wholesale stationery business.

PENTECOSTAL TABERNACLE

Leland Morse, Pastor
"Study to shew thyself approved unto God, a workman that needeth

not to be ashamed, rightly dividing the word of truth."

There will be a boys' and girls' camp at Wallowa Lake August 21 to 26.

Mid-week services will not be held here during that week.
