

Attention, Farmers!

As we do not have storage space enough to carry all the seed needed for the fall planting in this territory, would ask that if you are planning the seeding of winter grains that you talk this over with us some time before you will need the seed.

In that way your business can better supply you.

Can You Picture OREGON without Intercity Buses?

This state's highways are doing their part for Victory. Last year bus lines carried over half of all the passengers that travelled on public carriers. In many communities buses are the only form of public transportation.

Overland Greyhound is putting all its efforts, experience and resources into helping perform the biggest transportation job of all time. That is why our service to you now cannot always be what you have come to expect. We salute this state for its patriotic consideration of the conditions created by the war.

When Victory is won—look to Overland Greyhound for a brand-new chapter in comfortable, convenient, scenic highway transportation.
