

*When Demand exceeds Supply*

The fairest way we know to ration travel is to tell the American people the truth, and let them divide the supply fairly between them—as they always have when there is a shortage.

Bus travel is a weapon. Use it economically as you conserve food, paper, and tin. Please remember we are carrying 2 1/2 times our normal loads; with rationed gas and tires.

If you must travel, we are here to serve you. See, or telephone our agent for least crowded schedules and days. Know before you go.

When traveling be sure to put identification stickers on your baggage. We supply them free.
