There are 185,000 telephone operators in the Bell System—the largest number in history. As telephone calls have increased, more people have been added to handle them.

Service generally is good but some Long Distance lines to war-busy centers get crowded. Then the operator may say—“Please limit your call to 5 minutes.”

We appreciate the way you're going along with that suggestion.

with another of his lengthy punts. The ball sailed about 50 yards from the line of scrimmage and rolled 20 more. Pasco failed to make the necessary 10 yards and Hermiston took over in midfield. A series of

spectacular pass completions took the ball within the shadow of the goal line. The visitors, however, dug in deep and regained the ball on their own two yard line as the game ended.  
The whole team played good ball in spite of the fact that they were considerably outweighed. Bill Schoonover's kicking helped a lot in crucial periods. Perry of Pasco did most of their ball carrying. He was fast and tricky.  
The ground yardage gained by each team was: First half, Hermiston gained 40 yards and lost three; Pasco gained 90 and lost none. In the second half, Hermiston gained 48 yards, losing 10; Pasco gained 102 and lost none.  
Hermiston completed five passes to none for Pasco. Pasco had a total of 25 yds. penalized against them to none for Hermiston.  
The lineups were:  
Hermiston—Right end, Harkenrider; right tackle, Jack Belt; right guard, Johnson; center, Jensen; left guard, Hughes; left tackle, Rugg; left end, Wilcox; quarter, Schoonover; right half, Matott; left half, Dick Belt; full, Williams.
