BOB HOPE REPORTS ON THE RED CROSS IN ACTION!

Bob Hope should know. He saw. For two years he has devoted most of his spare time to entertaining G. I.'s on the "Foxhole Circuit" of U. S. O.-Camp Shows. Hope has made 'em laugh in Panama, Alaska, British Isles, North Africa, Sicily and most recently through the captured islands of the South Pacific. His audiences were men relaxing just behind the front lines. He knows how they appreciate a friendly service from home. That's why he says—

### CHRISTIAN SCIENCE CHURCHES

"MIND" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, February 25.

The Golden Text was, "There is a spirit in man: and the inspiration of the Almighty giveth them understanding." (Job 32:8).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Who hath directed the Spirit of the Lord, or being his counsellor hath taught him? With whom took he counsel, and who instructed him, and taught him in the path of judgment, and taught him knowledge, and shewed to him the way of understanding?" (Isa. 40: 13,14).

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mind is God. The exterminator of error is the great truth that God, good, is the only Mind, and that the suppositious opposite of infinite Mind—called devil or evil—is not Mind, is not Truth, but error, without intelligence or reality." (p. 469).
