### UMATILLA, ECHO WIN AT WESTON

Umatilla won the invitational Umatilla county B tourney at Weston. Eight teams competed in the five-year-old event. In the preliminary game Echo topped Helix 44-30 with the championship game ending 35-31 with Stanfield losing. The first game was close until the half with Helix showing the way 18-13 at the half. At the three quarter mark Echo had picked up until they were two points ahead and in the final quarter walked away.

The final game started with a Stanfield spurt with the team lagging at the half 22-14 only to forge ahead at the three-quarter 28-26. Another spurt by the winners brought them victory.

The all-star team selected by a vote of all the coaches and referees wound up: Smith, Stanfield; J. Barbouletos, Umatilla; Gilham, Umatilla; Johnson, Echo; Esselstyn, Echo. The second string came out with two even votes for a seven-man team: Brogotti, Helix; Raymond, Helix; Correa, Echo; Brown of Stanfield; Sheard, Athena; B. Barbouletos, Umatilla; and Martin, Stanfield.

### SCHOOL BUDDIES HOME FOR VISIT

The past week has seen some interesting discussions between two Hermiston high school pals, Lester Wilcox, Aviation Radioman, Seaman First Class, and Aviation Cadet Bill Penney. The former is a son of Mr. and Mrs. R. B. Wilcox of Hermiston and the latter a son of Mr. and Mrs. Roy G. Penney of Stanfield.

Lester, better known to his friends as "Spike", recently was chosen for aviation pilot training, much to his pleasure. He was enjoying his first visit home in 10 months. Bill's training has taken him to Ft. Douglas, Utah; Amarillo, Texas; La Junta, Calif.; and still later again to Amarillo, Texas, where he is awaiting the call for pre-flight training. He has been in the service about nine months.

### OPA LEADERS VISIT HERMISTON

that cooperation from everyone will make their loads somewhat lighter.

How long OPA will continue following the completion of hostilities depends greatly on the American people themselves. As long as inflation dangers are prevalent, OPA will seek to loose a tremendous amount of purchasing power in small quantities—"otherwise all the gain made during war time will be lost in the peace period that follows."

"We owe it not only to ourselves but also to our fighting men who want to come back to the America they left, to find the things for which they think they are fighting. It is our duty to protect our nation against inflationary forces."

Prior to Mr. Brown's talk, Mr.

Janney told of various critical materials at present, including tires, shoes and sugar, and stated that a drastic fuel shortage had been alleviated by a comparatively warm winter. Mr. Evans told of price ceilings and their importance to the average consumer. Mr. Bronaugh praised the local board for its efforts, stating that it was one of the most efficient in his district.

**Utilities**—The following is part of a letter received by Mr. and Mrs. E. A. Stephens from their son, Pvt. Curtis Stephens somewhere in France whom they had not heard from for over four months.

"Dearest Mother and All: I guess you thought I would never write but this is the first time in a long time I really had a chance to sit down and think straight. I received a package and several letters from you. I suppose Janet is a regular lady now she is going to school, and Shorty is growing up fast. Everything we get is rationed such as cigarettes, candy and gum. What every you do don't worry about me because I'm getting plenty to eat and have a fair place to sleep so I think I'll get by. I was in England some time ago and really had a lot of fun there. I was in Paris too, a while back and it is just about as nice a place as you would find. Well, I can't think of much more
