This summons is published by order of the Honorable C. L. Sweek, Judge of the above entitled Court, made and entered upon the 4th day of April, 1945, directing its publication once each week for four successive weeks and in five consecutive issues of the Hermiston Herald, a newspaper published weekly and of general circulation in Umatilla County, Oregon.  
Date of first publication April 5, 1945. Date of last publication May 3, 1945.  
HUGH E. BRADY, LaGrande, Oregon, Attorney for Plaintiff.  
(April 5-May 3)

"My neighbor on the next street had a telephone installed. Why did he get one before me?"

That is a natural question. There are a number of answers, any one of which may be the one that fits the case.

It's possible your neighbor on the next street ordered service sooner than you did . . . has been waiting longer.

Or the neighbor who applied later but got service sooner may be one whose responsibilities for defense, public health, welfare and safety require it.

Or there may be more wire capacity available on his street.

Until the telephone factories are able to turn from war production, there will continue to be shortages of certain facilities here on the home front.

We are doing our level best to meet the essential requirements of our country and community.

Your co-operation and understanding are appreciated.
