ATTEBURY BOYS MEET OVERSEAS

Two sons of Mr. and Mrs. Geo. E. Attebury of near Stanfield recently met in the war zone, and needless to say, enjoyed a very pleasant visit. Lt. E. R. Attebury, with the navy air corps, has been experiencing considerable thrills in recent months, including several holes shot through his plane by Jap anti-aircraft fire. He has escaped all injury to date and writes that he is still hale and hearty.

Raymond G. Attebury, E.M. 3/c, is aboard one of Uncle Sam's battle wagons but recently has received assignment on one of the islands in the north Pacific. He states that he has good duty now, with lots of time to read and sleep. Although he states that he becomes quite lonely, he wants to stay for the finish so that he won't have to go back again.

Both boys are good letter writers and keep their parents informed as to their whereabouts and their health.

WEATHER STAYS RATHER COOL

Although Old Man Sol is making every effort these days to make life more pleasant, it seems that he has obstacles to overcome also. The past week has seen some fine weather, but as a whole it has been more like early March, with cold winds, rain and even some hail. Fruit growers, especially, are quite worried about their crops.

The report for the week follows:

Date	Max.	Min.
April 4	64	37
April 5	66	43
April 6	65	40
April 7	58	35
April 8	50	39
