BOARDMAN NEWS

By Frances Skoubo

The senior frolic was held in the gym Saturday evening with a large crowd in attendance. The decorations were unusually lovely with a white picket fence surrounding the gym walls with lattice work of red carnations. The sky was of dark blue with stars surrounding the heavens. Behind the orchestra on the southwest corner was a big silver moon surrounded with a darker sky dotted with stars. On the center south wall was an archway with "Senior Class of '45" in lettering with a crepe paper bird bath beneath. On the northwest wall another arch with our class motto "Climb though the Path be Rugged", resembling a moonlit garden. The senior girls wore red carnation corsages and the boys white carnations presented by the junior class. Mr. Ely's orchestra from Ione furnished the music enjoyed by all.

Elaine Fisher who is employed with the weather bureau in Pendleton spent the week end visiting friends in Boardman.

Mr. and Mrs. Mike Stoltz of Portland spent Thursday with Mr. and Mrs. Earl Briggs.

Mrs. Cassie Barklow and Mrs. Corrie Mulkey and son Harley of Myrtle Point are visiting their brother and family, Mr. and Mrs. Dan Ransier.

Ingvard Skoubo motored to Union on business Saturday.

Darrell Marlow is recovering from injuries received Saturday when the horse which he was riding stumbled and fell on him while riding on the highway.

Mrs. Graham and Evelyn of The Dalles were here over the week end.

Mrs. Rinehart of Union visited her son, Mr. and Mrs. Lloyd Rinehart and family, over the week end.

Mr. and Mrs. George Ransier of Stanfield, Mr. and Mrs. Merwin Ransier of Echo, Mrs. Cassie Barklow and Mrs. Corrie Mulkey and son of Myrtle Point and Daniel Ransier were dinner guests of Mr. and Mrs. Dan Ransier Sunday.

Word was received that George Wicklander, former resident of Boardman, has received a medical discharge from the navy. Mrs. Wicklander is living in Pendleton.

Mr. and Mrs. John Partlow, Wilber Gibbs and Mrs. Roy Partlow motored to Pendleton on business Saturday.

Zoe Billings, first and second grade teacher, has rented the Root apartment vacated by Dewey West, when he moved into the former residence of Mr. and Mrs. Merrit, former operator at Messenger.

Mr. Roach and John Partlow are shearing sheep at the Dave Johnston ranch in Stanfield.

Ernie Peck and Bill Buck motored to Union Saturday on business.

Daniel Ransier, S. 1/c, who is

stationed at Klamath Falls, spent the week end with his parents, Mr. and Mrs. Dan Ransier Sr.

Mrs. Chas. Anderegg and Barbara and Mrs. I. Skoubo motored to Pendleton on business Tuesday.

Word was received by Mr. and Mrs. R. S. Wilson that their son, Lt. Ted Wilson, has been transferred to Lincoln, Nebraska, to instruct P-38 pilots.

place in the track meet at Echo Friday, following Arlington and Echo, with a score of 26 points. Lilly took first in the 100 yard dash, the 220, football throw and the broad jump, and second place in the shotput with a score of 23 points. Albert Ball took second place in the 110 low hurdles. Others participating were Grady Beaver, George Long, Melvin Carlson, Edw. McClellen, Archie Jones,

and Hoyt Brown, manager, and supervisor Ronald Black.

Mr. and Mrs. Nathan Thorpe and Pauline Smith of Union spent the week end visiting friends on the project.

Mr. and Mrs. Jack Hamilton, who have been visiting the Hamiltons for the past few weeks, left Sunday for Los Angeles, Cal., where they plan to make their home.

"PP&L's pioneering has figured in the success of my shop"

... says Clayton Speck, Automobile Dealer in Sunnyside, Washington

"When I first started in the automobile business, I ran a blacksmith shop along with it for bread and butter, and was lucky to have a single electric motor and four 32-candlepower carbon filament lamps. I shod horses by the light of one of the lamps, pumped tires by hand, and delivered gasoline from a measuring can filled from a pitcher pump. That was 33 years ago.

"Today, thanks to PP&L's progressiveness, we use more than 30 electric motors, and light the shop as bright as day. And we get all this electricity at a small fraction of the cost per kilowatt-hour 33 years ago.

"In this great farming territory that ships 600,000 tons of food to market every year, it's our job to keep farm machinery and trucks repaired and on the go. And we're doing it, with electric power tools and PP&L's dependable electric service.

"Pacific Power & Light Company has played a big part in development of the

Yakima Valley. Its forward-looking policies, good service, and reasonable rates have helped a lot in getting the new businesses and food processing industries that are locating in this area."

Clayton Speck, owner and manager of Clayton Speck Motors, has been identified with business activity in Sunnyside since 1909, and with the automobile business since 1911.

A native of Lenark, Illinois, he was working for the Milwaukee Railroad in Chicago when he came to Sunnyside on a vacation trip in 1909. He saw the promise in the Yakima Valley, resigned his railroad job, collected a month's pay of \$80, and staked his future on the development of the Sunnyside district.

When he established his own automobile business, in 1912, there were only about 30 cars in the entire lower Yakima Valley. In 1936 he built his own modern garage building and completely equipped it with electric power tools. Much of his electrical equipment has been busy during the war, machining valve fittings for Liberty ships.

The Speck home makes generous use of electricity, too. Their first electric range was bought in 1912. And they have had electric refrigeration since 1924.

• 35 YEARS OF ELECTRICAL PROGRESS •

1910 Mazda lamp replaces old carbon bulb, giving more light per kw. PP&L gives users more kw per dollar.

1920 Electric cooking being popularized by Pacific Power & Light. Electric water heating era on the way.

1930 The whole electric saving and health industry promotes protection with electrical refrigeration.

1940 Development of fluorescent lighting offers improved opportunities for "Better Light—Better Sight".

1945 Television now ready for post-war homes. Great advances in science of electronics await peacetime use.
