

V-DAY 1 is here. Now let us aim at V-DAY 2

Germany has been defeated.

Europe is free.

All Americans have waited long to be able to say that. Most Americans have worked hard to be able to say it. Many Americans have sacrificed much to say it. Many Americans have sacrificed all. To these, let us give thanks.

But more than that, let us promise them that "they have not died in vain".

They fought and died not for a peaceful Europe—but for a peaceful world.

Let us renew our pledge to give all we have to hastening the day when we can say:

"Japan has been defeated.

All the world is free."
