The Misses Gilda and Thelma Klevit announced that parents who'd like a night out, but are held home-bound by baby's needs, now may break their shackles in the easiest possible fashion—by purchasing a War Bond from one of a group of 20 sorority girls.

Graduated now, the Sisters Klevit have kept up their contact with their friends, and when not tending baby are Federal workers. They'll take care of baby if pop and mom will buy a War Bond.

The sisters said that during previous loans other sororities and some fraternities shoveled ashes, cleaned cellars and did other household chores in return for War Bond purchases and they suggest their plan be carried out nationally.
