The total approved budget for the 2015-2016 fiscal year represents an increase of \$5.05M over the current year. Included in these figures is a 9.7% increase, equivalent to \$4.58M, in the General Fund, bringing the fund total to \$52.0M. The General Fund increase stems primarily from projected growth in ADMw (average daily membership weighted) due to full day kindergarten weighting and forecasted student growth, additional resources as a result of the School Board's decision to opt out of the Intermountain Education Service District, and the legislature's decision to split the biennial state school fund allocation equally over the two year term, rather than the historic 49%/51% split.
