DIFFICULTY THIS WEEK ★★

ANSWERS
1. Bobby Vee. The song was covered by Gary Lewis & The Playboys (1965) and Bobby Winton (1968), though with less success.
2. "Pleasant Valley Sunday," by the Monkees in 1967. Writer Carole King was inspired by a community in New Jersey where she lived.
3. Stevie Nicks, in 1982. She wrote it in response to the death of John Lennon and her beloved uncle in the same week.
4. "Flashdance," in 1983. The album went gold within months and platinum the next year.
5. "You're the One That I Want," sung by John Travolta and Olivia Newton-John in the 1978 film version of the musical "Grease." The touring after all these years.

ARIES (March 21 to April 19)
Your ruling planet, Mars, allows you to assume a sense of command that can help you turn a chaotic workplace situation into one that's orderly, productive and, yes, even friendly.

TAURUS (April 20 to May 20)
Getting a relationship that's been stuck in a rut up and running again depends on how far you want to run with it. Be honest with yourself as you consider which decision to make.

GEMINI (May 21 to June 20)
Be wary of rumors that seem to be coming from everywhere this week. Waiting for the facts before you act means never having to say you're sorry you followed the wrong lead.

CANCER (June 21 to July 22)
A difficult personal matter might prompt you to turn to a trusted friend to help you sort through a maze of emotional conflicts. The weekend should bring some welcome news.

LEO (July 23 to August 22)
Some of the new people coming into the Lion's life could play pivotal roles in future personal and professional matters. Meanwhile, an old friend might have an important message.

VIRGO (August 23 to September 22)
A delay in getting things moving on schedule can be a blessing in disguise. Use this extra time to do more research so you can buttress any of the weaker points with solid facts.

LIBRA (September 23 to October 22)
You might need to get involved in a personal matter before it becomes a serious problem. Also, be wary of someone offering to mediate, unless you can be sure of his or her motives.

SCORPIO (October 23 to November 21)
Taking sides in a workplace or domestic dispute could prolong the problem. Stay out and stay cool. Then you can be friends with both parties when things settle down.

SAGITTARIUS (November 22 to December 21)
A friendship has the potential to become something more, and with this week's aspects favoring romance, you might feel that this possibility is worth exploring.

CAPRICORN (December 22 to January 19)
The new job you want might require you to relocate. If so, keep an open mind and weigh all the positives and negatives before making your decision.

AQUARIUS (January 20 to February 18)
A new relationship seems to be everything you could have hoped for. Congratulations. Meanwhile, it's not too early to get some feedback on that new project you're working on.

PISCES (February 19 to March 20)
You might have decided to get out of the fast-moving current and just float around hither and yon for a while. But you might find that the new opportunity is too tempting to turn down.

BORN THIS WEEK: You believe in bringing out the best in people with kind deeds, loving words and recognition of their "special" selves.
