

12 DAYS OF GIVING

Beginning on November 28
#GSGivesBack! We're giving back to
our community and we'd love your help.

#GSGivesBack

MONDAY NOVEMBER 28:

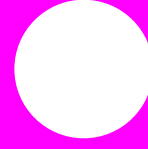

Today calls for a partridge for your pear tree. Partridges are touch catches, you see. The bird flew the coop, leaving nothing behind but some sweet Bartlett pears, the very best kind. **Please bring non-perishable food items today.**

Turtle
Doves

There might be turtle doves coming your way; but we want to avoid hands as cold as clay. So instead of searching for turtle doves, we ask that you **bring in some gloves (or mittens) today.**

WEDNESDAY NOVEMBER 30:

Hens are chickens if they are French or not! What we need is chicken soup to heat in the pot or gas to go and shop. **Please bring gift cards for food or gas today!**

Calling
Birds

Four calling birds speak highly of you; you're kind and thoughtful, generous too. They sent us a letter, which said, "Children and seniors think more books would be better". **Please bring in books for all ages today.**

FRIDAY DECEMBER 2:

Although golden rings are nice, we would like to help the kids at iCan Bike. To refurbish a cycle, it takes many things, so please won't you help us give them some wings. **Please bring in items to refurbish bicycles and other biking supplies.**

Geese a
Laying

Six geese a laying were an interesting sight, till one of them squawked and they all took to flight. When they left their nest, it was in the dark of night. So please help us with their terrible plight. **Please bring in household and personal care items today.**

SUNDAY DECEMBER 4:

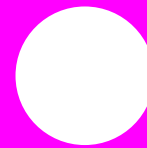

Remember no speaking or you'll spoil the fun. We're almost there, we're halfway done. Finding swans in December sure gave us a riddle, so we looked for something simple: Little bums can be breezy, but bringing diapers is just so easy. **Please bring in packages of diapers today.**

Maid's
Milking

On the eighth day of giving, we are still busy as bees. Eight maids a milking, nowhere did we see...But there at the Hermiston Warming Station we spy a few needs. Snacks, blankets, and hats, for these items they surely would be pleased. **Please bring in non-perishables, portable food, blankets, and other warm items.**

TUESDAY DECEMBER 6:

Nine kiddos dancing, they put on quite a show. Their feet got so tired, so wouldn't you know. **We are requesting some socks or shoes to help comfort their little toes.**

Lords a
Leaping

Ten lords a leaping would be an awesome gift, but they got stuck jumping over a big ole snowdrift. But, we do have some pets in need, at the local humane society. **Please bring pet food or supplies today.**

Pipers
Piping

Eleven pipers piping outside would be cold, to leave them on the doorstep would be too bold. We are hoping you could be an angel for two more days, we'd just love to sing your praise. **Please bring clothes and coats for individuals of all ages.**

Drummers
Drumming

The final day of giving has arrived, and on our ending night one dozen drummers would be a splendid sight. But drummers alas, are not what we require, instead we do plead - **Durable Medical Equipment is what we need: crutches, walkers, or a noble steed.**

Bring your donations to Good Shepherd Health Care System and place them under the Christmas Tree in the main lobby.
Thank you for giving back to our community!
