PUBLIC NOTICES

About Public Notices

Public notices inform citizens about the activities of government bodies — such as budgets and public hearings, upcoming meetings and elections — so that citizens can make their opinions known before an action is taken or a rule or law is made. They also include information about foreclosures, unclaimed and forfeited property, estate claims and probate notices, summons, and calls for bids.

The four characteristics of public notices:

- They must be published by an independent and neutral third party,
- They must be archived,
- They must be accessible to the public,
- The public must be able to verify that the notice was not altered once published.

Newspapers provide an independent and archived record of public notices, accessible in print and online, and provide affidavits of publication when requested.

Public notices in newspapers protect the right of due process as guaranteed to Americans by the Constitution.

View all statewide legal notices online at;
www.publicnoticeads.com

HH-5594 PUBLIC NOTICE

Proposal to Issue Conditional No Further Action Issued for Union Pacific Railroad Hinkle Rail Yard Site

Comments due: 5 p.m., Friday, March 31, 2017

Project location: UPRR Hinkle Rail Yard, Hermiston

Proposal: DEQ's Cleanup Program is proposing to issue a Conditional No Further Action determination for the UPRR Hinkle Rail Yard site.

Highlights: Investigation and cleanup actions have been ongoing at the (UPRR) Hinkle Rail Yard located in Hermiston since 1971. Multiple releases of petroleum products have occurred at the rail yard from waste lagoons, leaking underground storage tanks, leaking locomotive fuel tanks, and spills. The primary contamination present at the site is diesel fuel and heavy oil. Cleanup action outlined in DEQ's Record of Decision dated June 20, 2005 and the Record of Decision Amendment No. 1 dated Jan. 19, 2006 have been completed. Soil and groundwater contamination remains on the Hinkle Rail Yard Property but do not present an unacceptable risk to human health, safety, welfare and the environment.

How to comment: Send comments to DEQ Project Manager Katie Robertson at 800 SE Emigrant Ave, Suite 330, Pendleton, OR 97801 or by email at robertson.katie@deq.state.or.us. For more information contact the project manager at 541-278-4620.

To access site summary information and other documents in the DEQ Environmental Cleanup Site Information database, go to <http://www.oregon.gov/deq/pages/index.aspx>, under the "Hazards and Cleanup" section, select "Environmental Cleanup Site Information Database" select "Search complete ECSI database", then enter 516 in the Site ID box and click "Submit" at the bottom of the page. Next, click the link labeled 516 in the Site ID/Info column. If you do not have web access and want to review the project file contact the DEQ project manager.

The next step: DEQ will consider all public comments received by the date and time stated above before making a final decision regarding the completion certification of the remedial actions taken at the site.

If you would like to review the project file fill out the Public Records Request Form at: <http://www.oregon.gov/deq/about-us/Pages/Request-Public-Record.aspx>.

Accessibility information: Documents can be provided upon request in an alternate format for individuals with disabilities or in a language other than English for people with limited English skills. To request a document in another format or language, call DEQ in Portland at 503-229-5696, or toll-free in Oregon at 1-800-452-4011, ext. 5696; or email deqinfo@deq.state.or.us.
