**DON'T BE FOOLED BY THE "4-H TAX"**

**Measure 30-126 is not about kids**

OSU says this measure will help children in 4-H. What they are really doing is pushing the costs of the "rural farm extensive service" onto the taxpayers of Pendleton, Milton-Freewater, and Hermiston. They've been playing the "kid card" for years to shift their burden onto the backs of taxpayers in 25 other counties. In 2012, they convinced Malheur County to take on a heavy tax assessment - **now they've come to Umatilla County for even more!** This isn't a temporary levy.

What this means to you....  
**IN PERPETUITY = FOREVER TAX**

Measure 30-126 would add a tax of 33 cents per \$1000 of your assessed home value. For a modest house, that's another \$50 **every year** without providing you or your family any real benefit. And they are asking a **LOT** more of Umatilla County. **The average extension tax (9.9 cents) in other counties is less than a third of what OSU is asking from us.** And they're willing to spend a lot on slick brochures, lawn signs, and big ads to talk you into it.

Yes, our kids are important - let families decide the best use of their own money instead of putting it in the pocket of a bloated agency that will spend very little on the children they claim to support.

**VOTE NO ON THE "4-H TAX"**

Authorized by Quality of Life Pendleton, 217 NW 9th St., Pendleton, OR 97801

**YOU ALREADY PAY FOR 4-H**

**OSU Extension does not fund 4-H clubs, after-school services and year-round lunches** — they just "facilitate" these services. The money comes from your federal taxes, fees paid by parents, and fund-raising activities. 4-H leaders are volunteers. Student scholarships come from industry sponsors like John Deere, Farm Credit Lenders, and Wilbur Ellis - those aren't going away and have nothing to do with this tax measure. OSU claims to put 4-H first. In fact, a **very small percentage will go to 4-H** to pay for a coordinator.

**HERE'S THE REAL STORY...**

OSU Extension Service is top heavy in management and branch offices. Extension is losing funding from the State of Oregon and from Ag businesses such as Dow and Monsanto. Wages, PERS and health care costs grow, but instead of cutting costs, what does OSU do? Shift the funding burden to counties and expect **city residents in Umatilla County to fund it. And most of us will NEVER use any of these services!** These days, like the rest of us, our county farmers go online to find information and connect with experts.

Oregon is the 2nd highest taxed state in the nation, only behind California. **UMATILLA COUNTY'S TAX RATE IS THE 2ND HIGHEST IN THE STATE, only behind Linn County.**
