

LETTER TO THE EDITOR

Walden has best interests at heart

We have the opportunity to vote for Representative Greg Walden, sending him back to Congress to continue to represent us through these continuing challenging times. We need his hard-working, experienced voice of reason, as well as his seniority in Congress to balance extreme positions so often offered as

solutions.

We may not all agree with all positions taken by our elected representatives, but we expect them to exercise good judgment to benefit our society as a whole.

Many of today's issues are complex and require a high level of expertise to navigate to generally fair conclusions. There are forces that seem to take extreme positions and are unwavering, simply as a means

to achieve their ends instead of general good.

We are asking our representatives to fairly represent us, recognizing our diversity in this climate of extreme positions.

Greg is working hard and getting a lot done. In addition to voting for tax cuts, improving forest management and improving care of veterans, Greg also voted for a measure that would have provided legal status

and a pathway to citizenship for all 1.8 million DACA kids who were eligible for deferred action under the Obama Administration.

We are thankful for Congressman Greg Walden's past service and look forward to his continuing judgment in the best interest of our democracy.

Please join us in voting for Greg Walden.

Letters Policy: Letters to the Editor is a forum for the Hermiston Herald readers to express themselves on local, state, national or world issues. Brevity is good, but longer letters should be kept to 250 words.

No personal attacks; challenge the opinion, not the person. The Hermiston Herald reserves the right to edit letters for length and for content.

Letters must be original and signed by the writer or writers. Anonymous letters will not be printed. Writers should include a telephone number so they can be reached for questions. Only the letter writer's name and city of residence will be published.
