In their first week in the new gymnasium, McNary Heights Elementary students were already using the extra space to their advantage.

their first P.E. classes in a new gym, the result of a \$10.5 million bond that paid for upgrades at the Umatilla School District's three schools. Other improvements from the bond include secure entrances and security cameras at all three schools, as well as new

HVAC systems. The building is completely new. The students were enjoying one of Crews broke ground on it last June, and were just putting the finishing touches on it as students came back from winter break this week. The new building features the McNary Mustangs' green and yellow colors prominently, a group of mustangs painted on the center of the floor, and has a row of bleachers for parents to come and watch games or assemblies.

The additional space will give the school opportunities to expand their activities both during and after school.
