**About Public Notices**

**Public notices** inform citizens about the activities of govern-  
ment bodies — such as budgets and public hearings, upcoming  
meetings and elections — so that citizens can make their opinions  
known before an action is taken or a rule or law is made. They  
also include information about foreclosures, unclaimed and for-  
feited property, estate claims and probate notices, summons, and  
calls for bids.

**The four characteristics** of public notices:

- They must be published by an independent and neutral third party,
- They must be archived,
- They must be accessible to the public,
- The public must be able to verify that the notice was not altered once published.

**Newspapers** provide an independent and archived record of  
public notices, accessible in print and online, and provide affidavits  
of publication when requested.

**Public notices** in newspapers protect the right of due process as  
guaranteed to Americans by the Constitution.
