 **\$550,000**
GRANTED TO THE COMMUNITY

The CommuniCare program was created 24 years ago by the late Harold and Arlene Schnitzer. Now run by Jordan Schnitzer, President of The Harold & Arlene Schnitzer CARE Foundation, CommuniCare is a year-long academic grantmaking program that gives Oregon high school students an opportunity to learn more about issues that affect their communities and to develop a commitment to social activism. Students are challenged to raise up to \$1,500 which is matched 10:1 by The CARE Foundation to donate to local nonprofits that are chosen by the students. Fundraising was optional this year, due to the challenges presented by COVID-19.

EAST OREGON SCHOOLS GRANT \$30,000 TO OREGON NONPROFITS

Nixyáawii Community School

Pendleton High School

"The most rewarding part of being involved with CommuniCare is giving back to the nonprofit organizations whose work we feel very passionate about. Every single one of the nonprofit organizations is worth giving money to, but you have to narrow them down to who fits your mission statement."

ADILIA,
Nixyáawii Community School

"For me, the highlight of CommuniCare was the interview process. Getting the opportunity to have real conversations with organizations doing such amazing and inspiring work, and really diving into the impact that people can have on the world around them, was a really special experience."

RILEY,
Pendleton High School

"I think people should get involved with CommuniCare because it's a great opportunity to learn about the grantmaking process and how it all works, get involved with your community, and make a difference. I am hoping to major in political science and be involved with more nonprofits after college."

SYLVIE,
Pendleton High School
