SCHOOL NOTES

Since football died, suitable time has been observed in mourning. At present the revival of Basket ball is under way. A town team has promised to show the boys how to play Basket ball Thanksgiving and the school boys are beginning to get ready for that lesson. Good healthful exercise is as necessary for a boy or girl as good lessons if we take into consideration their general welfare. The board of education, of Chicago, spends this year, one million dollars on its playground for school children.

Verse is a drug the writers say,
Upon the markets of to-day;
Hence in the smaller towns, that's why,
The drug store keeps the book supply.

Little Rob was the prize Geographer of his class; that is, he could locate cities and bound countries to perfection. However he considered geography only in the light of a game. He did not understand the meaning, as his teacher found out one day from the following incident. After vainly inquiring of several of the children where British Columbia is located she called on Rob, who, as usual was waving his hand excitedly. "Its on page 68 he declared". After the laughter had subsided she asked Rob to bound British Columbia. "Can't teacher its all over the page."

Everybody should keep in mind the evening of Nov. 24. All bachelors should be especially interested. On that evening in the Artisan Hall will assemble the "Old Maids" convention. It is customary for this convention to transact its business behind closed doors but they have, in behalf of the school, given permission for the curious public to attend this meeting. The regular proceedings will be carried out and all should come and see the old maids as they really are.
