On motion council adjourned subject to call of Mayor.

E. D. Leach, Recorder.

RUSSIAN THISTLE.

Some time ago The Wheatfield was asked, by B. F. Swaggart, to ascertain the laws regarding Russian Thistle. We have made a careful study of the law and find that Article 22, Sections 4920 to 4934 pertain to the extermination of Russian, Canada or Chinese thistle and other obnoxious weeds. These sections give the road Supervisor authority to go upon any lands for the purpose of destroying these weeds, if after notice the owner refuses to do so, and file an itemized statement of the expense and the same shall be entered as a lien upon said premises.

SCHOOL NOTES

School opened Tuesday with a good attendance. Those wishing to enter primary pupils in school this year should do so at once as new classes cannot be formed for those entering later.

The box supper turned out exceptionally well financially \$114.65 were taken in, \$4.65 were paid for hall rent leaving a balance of \$110 to be applied to school purposes. The school has now more than paid the part promised. At the school meeting the general sentiment of those present was that this money should not be used for general school purposes, but should be applied to outside expenses to build up the school, that is such things as a library or gymnasium. For the present the money has been turned in to the general school fund.

At the school meeting last Tuesday a 14 mill tax was voted to meet the expenses of the coming year.

Following is the report of the pupils averaging above 90 at the recent examinations:
