## BOLT OF LIGHTNING.

Welded a Broken Rail and Saved Trainload of Passengers.

When the 8:23 limited pulled into Wheatley, in this county, one evening, it was discovered, says the Le Sueur correspondent of the St. Paul Pioneer Press, that one of the rear wheels on the last coach was broken, a piece having been split off from one side, so that there was a slightly flat place on the wheel, and, as it was feared, the broken wheel in pounding over the track had broken a rail. Only by a miracle was the 8:56 local saved from being wrecked.

Three miles south of Bentley the flattened wheel had broken out a section of rail about seven feet long—broken it out so badly that it was torn from the spikes and lay across the rails, where it was found five minutes before the local was due by Willy Schultz, a boy of 14 years, who lives on a farm near by. The lad knew that the local soon would be along and he was frightened. He put the piece of rail in place and then started down the track toward the approaching train, running as fast as he could. He had not gone twenty feet, however, when there came a blinding flash of lightning from a dark cloud that covered the sky, and he was struck down unconscious and nearly bereft of life.

It must have been ten minutes before he regained consciousness, for when he did so he saw the train coming toward him at great speed. He staggered to his feet, the remembrance of the broken rail still in his mind, and waved his hands, but the engine did not stop, and, just as it was about to crush him, he stepped from the rails and the train sped on.

But the engineer at the last moment had seen the boy step out of the engine's way, and, throwing on the lever, stopped the train after it had run several hundred feet beyond the break in the rail.

When the engineer jumped down and came running back to see what the trouble was, young Schultz told him and showed him the place where the rail had been broken; but now it was perfectly sound. The flash of lightning that struck Schultz down spent the main portion of its force on the track in the immediate locality where the fracture was, and had evenly and perfectly welded the broken rail in place at both ends. The track was as safe and solid as it was the day it was laid.

## "MIKE" SCORES "FAKE" LABELS.

Points Out-Paster-Covered Trunk as an Example of Egotism.

"Mike," the head baggage smasher at the Grand Central station, laughed scornfully as he tackled a trunk from an incoming train. The receptacle was literally plastered with labels, showing that the owner had, presumably, traveled through many foreign cities. There were labels from London, Paris, Berlin, Naples, Shanghai, and even Bangkok.

"Another one of them fakes," said "Mike," disgustedly.

"What do you mean?" asked the new apprentice.

"What is labels for?" said "Mike," by way of reply. Then he answered his own question by adding: "They're to show the trainmen where the baggage is bound for, ain't they? And when a man goes from one city to another, the baggagemen paste the proper label over the one that was there before. Otherwise, nobody could tell which city the trunk was bound for. If a trainman aboard should see a trunk or valise labeled 'Vienna,' 'Paris' or 'London' all at the same time, he'd have brain fever trying to figure out where the trunk really was bound. They don't use the brass check system over there as they do here.

"It's safe betting that the man who owns this trunk is one of those egotistical asses who wants to show off. Perhaps he has made a trip abroad; and while there he begged, borrowed or stole a lot of labels and pasted them on his trunk to make people believe he has been in all those cities. But to those who know he is simply advertising the fact that he is a chump of the first water." And "Mike" threw the trunk on one side with more force than was necessary.—New York Press.

## A Doubt in Identity.

That the first glamour of love is not necessarily blinding in its effects is shown in the following from Life. Mr. and Mrs. Newlywed, on their bridal tour, were enjoying a quiet sail along-shore.

"O Clarence," cried Mrs. Newlywed, "I can see a perfect reflection of my face way down there in the water!"

"Are you sure it ain't a lobster-pot you see? There's lots of 'em about here, you know," returned the happy groom.

## Also a Reformer.

"Dey're sendin' a lot o' grafters to jail," remarked Meandering Mike.

"I'm glad of it," answered Plodding Pete. "If dis high-class patronage keeps comin' in maybe de wardens will wake up an' improve de accommodations."—Washington Star.

# Spring Medicine

The best is Hood's Sarsaparilla. It is the best because it does the most good.

While it makes the blood pure, fresh and lively, it tones the stomach to better digestion, creates an appetite, stimulates the kidneys and liver, gives new brain, nerve and digestive strength.

An unlimited list of wonderful cures—40,366 testimonials in the past two years—proves its merit. In buying medicine always *get the best*,—get Hood's.

Sold everywhere. Liquid or tablets, 100 Doses \$1.

Mrs. S. L. Carleton, Ayer, Mass., says: "For a perfect spring medicine to give strength and thoroughly purify the blood, Hood's Sarsaparilla is held in high esteem by our whole family. I have used it from childhood and find it as good for my children as for myself."

## An Amendment Accepted.

"Sometimes I think my typewriter knows more than I do," remarked the New York orator. "I was dictating a speech to her this morning and I said 'The ballot is sacred.'"

"A very proper sentiment."

"But she changed it. She mixed the letters of the last word a little and changed it to 'sacred.'"—Washington Star.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. # Atlas Engines

Many prospective purchasers of engines and boilers are under the impression that because the Atlas Throttling Engine is of such high grade, and because it is fitted with a balance valve and a main bearing, such as only Corliss engines of other makes contain, it is necessarily of such price that it is quite out of their reach. This is not true. An Atlas engine is no higher in price than any other engine, except, perhaps, one that is made entirely in a foundry.

For your information, therefore, we give for the present an approximate price upon a 12x16 Throttling Atlas Engine, range 43 to 60 Horse Power of

**\$350.00**

This includes engine complete with band wheel, governor, throttle valve, and all regular trimmings and represents the price delivered f. o. b. cars factory, or, if in stock at our Agencies at any of the following points.

# WHAT JOY THEY BRING TO EVERY HOME

as with joyous hearts and smiling faces they romp and play—when in health—and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained, by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.
