Harry Cummings will make some big improvements in his nursery, near the depot in this city, this spring and summer. He will add 80,000 more fruit, shade and ornamental trees to his stock this season. The grounds will be leveled and a space about 100 feet square will be arranged into a park where all the varieties of his trees will be placed in a way to make an attractive appearance.

Ione Proclaimer—  
Tuesday evening a number of lone young people drove up Rhea creek to the bachelor quarters of Miss Nettie

**Always Keeps Chamberlain's Cough Remedy in His House.**  
"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of the Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. Don't forget that the Old Man has to live. Some apparently have.

The whale was the first ocean mail carrier, and in three days thereafter he adopted the free delivery system.

A learned professor has figured it out that married men live the longest. You bet they do. It "seems" to me I've always been married.

Girls at Weston will boycott the young men who keep company with the girls who attend the normal. The home girls claim the interlopers have gobbled up all the marriageable young men of that city.
