LOCAL OPTION

The communication from C. M. Van Peet, Attorney, for the Anti-Saloon League, as published in last week's issue of the Wheatfield, misquotes The Wheatfield's issue of March 29th. We did not say that we believed that an error was being made in attempting to regulate the business of closing the saloons, but did say that we believed an error was "being made in attempting to regulate the business by closing the saloons."

Mr. Van Peet says that "the saloon business cannot be regulated by licensing it" and refers to the saloons of Portland which he claims violate the laws seven days in the week. If this is so and Mr. Van Peet knows it as he claims to, why doesn't he prosecute in the name of the Anti-Saloon League and compel them to respect the laws regulating their business. According to his own statement this violation should not be considered in the question as it does not argue for prohibition, but he says the main question is the proposed amendment. We do not possess a copy of the Local Option law but believe the present law

says that in case a precinct or county goes "wet" another election on the question can be held in two years, but if it goes "dry" an election on the question cannot be held for four years. This seems to us a rather one sided law and should be amended.

Here in Lexington, we have two saloons, both complying with the present laws of the state, county and municipality regulating the liquor business. In fact every saloon in the county and every other business is being closed on Sunday in conformity with the Sunday closing law.

We still believe that it is an error to attempt to regulate the liquor business by closing the saloon. We have lived in a prohibition state and know where of we speak.

More liquor was consumed publicly than before prohibition went into effect. It was shipped in kegs and jugs and passed around to all, until it was gone. The consequences was that a "gang" was on a drunk almost continually. The law said they must not have liquor, but they did have it.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey, of 3322 Clinton St., Minneapolis, Minn., was tortured by Sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25-cent bottle of Pain Palm and see for yourself how quickly it relieves the pain. For sale by W. P. McMillan.

Not as Rich as Rockefeller.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician can not prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by W. P. McMillan.
