LEXINGTON CREAMERY

At a special meeting of the Improvement League last Monday afternoon it was decided to build a Creamery at Lexington. J. W. Maxwell, of Walla Walla, representing the Hastings Industrial Co., was present at the meeting and submitted plans and specifications for the building and machinery. The new creamery will be large enough to handle the cream from 1000 cows, and is to be equipped with first class modern machinery throughout. The plant when complete will cost \$4500, of which amount \$1000 was subscribed by those present at the meeting. It is proposed to incorporate and sell the remaining stock to our citizen at par value of \$100 per share.

Present prospects indicate that the Creamery will have the milk from 150 cows to start on, which insures the success of the enterprise and will place about \$800 per month with the farmers of this community. This company has erected a number of creameries throughout the Inland Empire, all of which are in successful operation, the last one having been just completed at Echo. The company bind themselves to have the plant installed and ready for operation within sixty days from the acceptance of the contract. It will require about thirty days to complete the organization and dispose of the stock and we feel safe in saying that by September 1st the Lexington Creamery will be in

operation and turning out a good grade of butter as well as distributing dollars among its patrons.

AN OPEN LETTER

Portland, Oregon, May 15.

To the voters of Oregon, Greeting: Gentlemen:—

The undersigned submit to you a few of our reasons for asking you to ratify, by your affirmative votes, the Amendment granting equal rights to women, which has been placed before the voters through a petition numerously signed by the men of Oregon under the initiative and referendum.

This movement has grown under your management from the small beginning known as the Married Woman's Sole Trader Bill, enacted by your Legislative Assembly in 1872, until it has reached such vast proportions as to attract the attention of the civilized world. A Constitutional Amendment proposing women's enfranchisement, submitted to you in 1884, brought us an affirmative vote of 11,223. This Amendment was again submitted to your suffrage by Legislative initiative in 1900, bringing us a vote of 26,265. Although the population of the commercial centers had doubled in 16 years, the "No" vote was only increased by 226, while the "Yes" vote was augmented by 15,042. This, to us, is a palpable augury of the triumph which we confidently look to you to consummate for us on the 4th day of June by placing "X" between "302" and "Yes" on your ballots. Do this and you will honor our flag of truce, the only power we can offer in our defense against the balloted forces of the opposition. Do this, and you will honor Oregon, your mothers and your-

selves.

And your petitioners will ever pray:

Abigail Scott Duniway,
Honorary President Oregon
Equal Suffrage Association
and State Federation of Women's Clubs.

Mrs Henry Waldo Coe
President Oregon E. S. A.
Charlotte M. Cartwright
President Woman's Pioneer
Auxiliary Association.
Sarah N. Evans,
President Oregon Federation
of Women's Clubs.

Esther C. Pohl, M. D.,
President Women's Medical
Association.

NOTICE

Bathing within the town limits, in Willow Creek, is strictly forbidden. If persisted in arrests will be made.

W. G. SCOTT,
Mayor.

A YEAR OF BLOOD

The year 1903 will long be remembered in the home of F. N. Tacket, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at W. P. McMillan's drug store. Price 50c and \$1.00. Trial bottle free.

COUNTY NEWS.

Heppner Gazette—

Salmon are running by the thousands in the John Day at the present time. In the Spray country many are being caught by the residents of that district.

Sheriff E. M. Shutt went to Irrigon yesterday. From Irrigon he will go to Portland to bring his son, Lawrence home. The boy, who has been under the care of the best physicians, is gradually loosing his eyesight.

Heppner Times—

S. E. Notson received the sad intelligence Tuesday of the death of a sister at Hamburg, Iowa.

Mr. and Mrs. W. S. Consor, of Portland, visited the past week with Mr and Mrs. George Consor of this city, having come up at this time to attend the wedding of their son, Earl to Miss Willetta Leezer.

As stated in our last issue, that some of the farmers of Morrow county were unduly exercised over the crop prospect, has proven to have been true. The copious rains that have fallen during the past week have entirely put fall sown grain out of danger of drouth, and insures a good yield.

The news was received here Tuesday afternoon that a couple of tramps had held up a man and robbed him on Butter creek, and that a posse of men overhauled the robbers, and in the fight that ensued, one of the robbers was killed. Later reports indicate Millan.

that the man killed was a demented sheepherder.

Ione Proclaimer—

A. Walker and wife left for Portland yesterday where he will enter the real estate and brokerage business.

It Is Dangerous to Neglect a Cold.

How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. For sale by W. P. Mc-
