

LEXINGTON WHEATFIELD

THE CREAMERY

A meeting of the Lexington Creamery Association was held last Tuesday afternoon in the city hall, when a temporary organization was effected. S. A. Thomas was chosen as temporary chairman and W. E. Leach as secretary. S. E. Lee, A. Reaney, W. E. Leach, P. M. Christenson, R. L. Bengel, Wm. Padberg and S. A. Thomas were selected as a committee to select a suitable site for the building. Mr. Waxwell, the organizer, informed the stock holders that \$4500 had been secured, this being the cost price of the plant, and that the creamery was assured. The superintendent of construction is expected here this week and actual construction work will be commenced at once. The building and machinery will be substantial and modern in every respect.

A YEAR OF BLOOD

The year 1903 will long be remembered in the home of F. N. Tacket, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes; "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at W. P. McMillan's drug store. Price 50c and \$1.00. Trial bottle free.

CHAFF FROM THE STRAW STACK

Too many pretty girls have fresh paint signs on their faces.

You can easily fill the public eye, if you only have the "dust".

After man came woman, and she has been after him ever since.

After a man and a woman get married, they quit—buggy riding.

It often happens that a duck of a man makes a goose of a husband.

The ideal wife and the ideal husband are two of a kind that never make a pair.

A Michigan paper states that "Mrs. G. M. Brown is at home looking after the grip." It might be well to investigate and see who is taking care of Mr. Brown's suitcase in the meantime.

School ma'am's who have fellars had better look a "leedle out." Miss Downend, a teacher of music in the Mansfield, Ohio, schools was recently let out of a job and her salary withheld because she had a beaux. She sued the board for her pay and was beaten in the courts, the jury holding that she had neglected her duties on account of her beaux. Bet that jury was made up of a lot of old moss-backs with whiskers a foot long, who never sipped the nectar from the lips of some pretty school ma'am, nor any one else's lips for that matter. They simply don't know what life is.

It Is Dangerous to Neglect a Cold.

How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. For sale by W. P. McMillan.
