THE DAIRYMEN'S OPPORTUNITY.

Cream is being shipped into Portland from California, Utah and Idaho, to be made into butter. Of course, it is easy to understand why the farmers ship cream such great distances.

Hazelwood and other butter manufacturers are building up a big butter trade and they have to get sufficient cream to supply that demand. They pay for cream on the basis of the selling price of first-class butter, which gives the dairymen a chance to dispose of their product on a market that makes their dairies profitable.

Our farmers are overlooking a great opportunity if they do not take advantage of the chance that will soon be offered them at the home creamery. The demand for cream is increasing all the time, and is steady everyday in the year. Every farmer should invest in good, cream producing cows, and build up a herd that will be a constant and steady source of income. The price paid for cream is bound to earn a big profit for the dairyman as cream is now bought on the basis of the selling price of butter into which it is made. With this butter bringing a price that makes it profitable for dairy men to ship cream one thousand miles, it certainly assures the dairy men of Morrow county a greater profit.

Dairying will do more for this country in the long run than any other branch of agriculture. The check for the cream comes every month, and there's no such thing as crop failure. A dairy community is independent of hard times. People must and will have butter, and they will pay more for fresh, pure butter than they will pay for ordinary butter. The dairyman gets the benefit of this as the creamery gets the highest price for butter.

Get two or three cows and be ready for the creamery when it is ready to start in. Feed the skim milk to the pigs, or feed it sour to the chickens. Keep the promising heifer calves and build up your herd. Send the steers and unprofitable cows to the butcher. Raise your own forage crops and feed everything you raise. Your farm will increase in fertility and value. Invest your money in good cream producing cows and you will be growing rich and independent.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey, of 3322 Clinton St., Minneapolis, Minn., was tortured by Sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by W. P. McMillan.

Not if as Rich as Rockefeller.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician can not prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others.
